Office of Planning and Research
P.O. Box 3004
Sacramento, CA 95812

County Clerk
County of Yolo
625 Court Street, Room B-01
Woodland, CA 95695

From:

County of Yolo
Office of the County Administrator
625 Court Street, Room 202
Woodland, CA 95695

Subject: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number: 2021050214

Project Title: Huff's Corner Levee Raise & Channel Reconfiguration Project

Project Applicant and Lead Agency: County of Yolo, 625 Court Street, Room 202, Woodland, CA 95695

Project Location: Rural Yolo County along the right bank and within the active channel of Lower Cache Creek, upstream of Interstate 5, north of the City of Woodland. The project occurs on portions of the following parcels: 025-320-004; 025-320-010; 027-180-019; 025-310-025; 025-310-044; and 025-320-005.

Project Description: The project involves the raising of a 2,700-foot section of the Huff's Corner levee system by 4 to 6 feet to restore the levee to its original 1957 design profile, which includes 3 feet of freeboard. To accomplish this required elevation, the levee base will be widened on the landside by approximately 12 to 15 feet. The project will include a revised Operations & Maintenance easement corridor extending an additional 15 feet beyond the new landside toe of the levee.

The project also entails the removal of a vegetated island that has accumulated adjacent to the levee within Lower Cache Creek. Sediment from this island will be removed and hauled off-site from the left-side secondary creek channel. Vegetation that is currently stabilizing the mid-channel island will also be removed. A sacrificial terrace will be constructed along the right bank, which will reduce flow velocity against the bank and the levee, and direct creek flows toward the center of the channel.

This to advise that the County of Yolo, acting as the Lead Agency, approved the above-described project on June 7, 2022, and made the following determinations regarding the above-described project:

1. The project **will not** have a significant effect on the environment.
2. **A Negative Declaration** was prepared for this project pursuant to the provisions of CEQA and adopted by the County.
3. Mitigation measures **were** made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Plan **was** adopted for the project.
5. A statement of Overriding Considerations **was not** adopted for the project.
6. Findings **were** made pursuant to the provisions of CEQA.

This is to certify that the Mitigated Negative Declaration and record of project approval is available to the General Public at:

Yolo County Department of Community Services, 292 West Beamer Street, Woodland, CA 95695
