1. PROBLEM STATEMENT

Occupant Protection is vital, the National Highway Traffic Safety Administration (NHTSA) revealed that 731 children passenger vehicle occupants died in traffic crashes in 2019. To date, motor vehicle crashes are the leading cause of death of children. Provisional local data provided by SWITRS has documented that in 2021 there has been a total of 25 fatal crashes and 26 fatal victims in Yolo County. In addition, a total of 10 children under the age of eight were reported injured, and one avoidable child fatality within Yolo County limits. Both nationwide and local data confirm that there is problematic car seat safety awareness amongst caretakers and parents.

The problem is that parents and caretakers are not using car seats – or child restraint systems – properly. During the 2020-2021 grant year, 359 child safety seats were checked by program staff during one on one appointments and check-up events. Data collected during these appointments revealed that 54 % of the seats checked had gross misuse, and 25 % presented some type of misuse. In addition, the program often encounters a high rate of children transitioning to forward-facing car seats, booster seats, and or seat belts too soon. Guidance from the American Academy of Pediatrics suggests that children should ride in a rear-facing car safety seat as long as possible, up to the limits of their car safety seat. This will include virtually all children under 2 years of age and most children up to age 4. Data collected by NHTSA shows booster seat use among children up to 12 years of age whose weight is 20 to 40 pounds has significantly decreased from 21.7 % in 2015 to 15.3 % in 2017. Likewise, 40.5 % of children up until age 12 who were 37 to 53 inches tall were unrestrained or prematurely transitioned to seatbelts in 2017. Furthermore, the Car Seat Safety Program documented that in 2021, 40 % of children arrived at appointments without a car seat. During all appointment’s technicians ensure to educate the parent on the importance of seeing all readiness steps and provide replacement seats as needed. A total of 220 seats were distributed during the 2020-2021 grant cycle and it is safe to document that 359 children are now riding safer.

To further service Yolo County, the child and family demographic trends help project the potential needs for services. Yolo is home to 26,775 children between the ages of 0-10 years, per a 2020 census record. Based on the information provided above, it can be determined that Yolo County has a large population of children under the age of ten and a total of 48,086 from the age of 0-17 years of age. In total Yolo County is the 27th most populated city in California with approximately 217,315 residents. Of those residents, it is important to note that the 2019 poverty rate was 19.1 % compared to the national average of 12.3 %. The largest demographic living in poverty are females 18-24, followed by males 18-24 and then females 25-34 years of age. In terms of a racial or ethnic group living below the poverty line in Yolo County, CA is primarily White, followed by Hispanic and Asian. Local data collected through car seat appointments revealed that 60 % of clients are Spanish-speaking. Ultimately NHTSA has made a statement that Hispanic children ages 4-7 are 14 % less likely to be appropriately restraint in a car seat compared to white children. These are all key factors to understanding what audience needs to be addressed and to know the composition to determine who classifies as impoverished and what the Yolo County Car Seat Safety Program needs to service.

3. METHOD OF PROCEDURE

A. Phase 1 – Program Preparation (1st Quarter of Grant Year)

- Develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- Conduct all training needed to implement the program.
- Purchase all grant related supplies and materials needed to implement the program.

Media Requirements

- Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.

- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the Coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS Coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your Coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your Coordinator with embargoed date and time or with "INTERNAL ONLY: DO NOT RELEASE" message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS Coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- Contact the OTS PIO or your OTS Coordinator for consultation when changes from any of the above requirements might be warranted.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

1. Prepare and submit invoice claims (due January 30, April 30, July 30, and October 30)

This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

(applies to all subrecipients as well as States)

Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms *covered transaction*, *civil judgment*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency may terminate the transaction for cause or default.
