

Recommended Action: Consider refinement of the CCP mission.

The current mission of the CCP is:

To protect the public by holding offenders accountable and providing opportunities that support victim and community restoration, offender rehabilitation and successful reintegration.

Past conversation about the CCP mission has touched on the use of the word “offender”. Refinement to the mission may further consider this nomenclature as well as feedback from the recent Community Engagement Meetings.

Following CCP input on the mission, if needed, a refined mission statement will return to the CCP for approval at the next meeting of the CCP.
