I request that the following be read at the Board meeting on 4/4/23 Public works #25 regarding road maintenance.

In the 22 years I have lived in the area between county road 95 and 93 off of county road 25, I have yet to see the county provide any viable improvement to road 25 outside of filling potholes. The recent rains have caused potholes to increase, prior filled potholes to reopen and cause dangerous driving conditions. I implore the county to review it's projects and include County road 25 between Road 95 and 93 in it's re-paving and improvement.

Respectfully submitted,

Aida Buelna

I would appreciate a response to my comments. Thank you!
