Subject: Board Item 33 - April 18, 2023 Meeting - Comments

Hello,

First, I want to thank the Board for considering the committee's recommendation. I am a bit concerned, though, about the requirement that the measure must pass to receive the funds. In West Plainfield Fire Protection District the potential assessed values for the parcels for ag or vacant land outweigh the values for the residents, who would receive the biggest benefit. It is conceivable that the no votes from the ag and vacant land owners will easily counteract any yes votes by the residential property owners. Perhaps some other measure for receiving any additional ongoing funds from the County could be used - for instance a majority of weighted votes by residential property owners. Thank you for your consideration.

Cherie
