

Navigation Center		CommuniCare Health Centers	Melissa Marshall, Chief Executive Director
Program Purpose	Effectively increase linkage of individuals with Serious Mental Illness (SMI) to Yolo County Specialty Mental Health Services		
Program Information	This program will effectively expand specialty mental health care in Yolo County through increasing engagement and effective navigation of Yolo County residents in need of mental health care who are not currently receiving services, or who are receiving services at an inadequate level to address their acute or chronic needs. The program will provide mental health triage/screenings, specialty mental health assessments, substance use disorder assessments, case management, crisis intervention and practical supports.
