

<b>Short Term Residential Therapeutic Program (STRTP)</b>		<b>Progress Ranch Treatment Services for Children</b>	<b>Alyssum Maguire, Executive Director</b>
<b>Program Purpose</b>	Improve mental health and well-being, decrease functional impairments and reduce symptoms related to primary diagnosis.		
<b>Program Information</b>	The program serves Yolo County youth involved in Child Welfare Services and placed in a short-term residential treatment program (STRTP) and have a need for specialty mental health services (SMHS). Specialty Mental Health Services include individual or group therapies and interventions that are designed to reduce mental disability and/or facilitate improvement or maintenance of functioning consistent with the goals of learning, development, independent living, and enhanced self-sufficiency. Services are directed toward moving youth to a lower level of care and achieving the youth's/family's goals and must be consistent with the current youth treatment plan.
