- A. Contractor shall be a county entity which will coordinate, participate in, and facilitate a collaborative community stakeholder workgroup focused on developing and implementing local solutions that target the reduction of the number of individuals with serious mental illness arrested and incarcerated for behavior connected to their illness. This can include, but not be limited to, planning for care court, coordinating treatment, discussing housing options, planning for rearrest and/or reentry into diversion programs. The workgroup shall also focus on targeting the reduction of Felony Incompetent to Stand Trial (FIST) commitments overall within the county. If the Contractor is not from one of the county entities required to participate in the workgroup as referenced in 6.A, facilitation and participation responsibilities may be delegated to another workgroup member.

6. CONTRACTOR RESPONSIBILITIES:

- A. The members of the workgroup coordinated by the Contractor must include, but are not limited to, representatives from the County Superior Court, the Public Defender's Office, the District Attorney's Office, the County Sheriff, the County Department of Behavioral Health or Primary Service Provider, and the County Probation Officer. The Contractor responsible for coordinating the workgroup may or may not be from one of the county entities required to participate on the collaborative community stakeholder workgroup.
- B. The Contractor shall submit and maintain an annual roster of all current members of their workgroup. The Contractor shall email the roster to DSH at DSHDiversion@dsh.ca.gov no later than July 31st of each fiscal year.

- F. Contractor shall provide DSH with a list of roster members who attended the meeting, a copy of the meeting agenda which includes a list of action items discussed, and a brief summary of the current status and outcomes resulting from the workgroup's efforts as verification for disbursement.
- G. Contractor and its subcontractors shall procure and keep in full force and effect during the term of this Agreement all permits, registrations and licenses necessary to accomplish the work specified in this Agreement and shall give all notices necessary and incident to the lawful prosecution of the work. Contractor shall provide proof of any such license(s) permits(s), and certificate(s) upon request by the DSH. Contractor agrees that failure by itself or its subcontractors to provide evidence of licensing, permits, or certifications shall constitute a material breach for which the DSH may terminate this Agreement with cause.

- J. The DSH may terminate the Agreement for cause, pursuant to section 7 of Exhibit C if the Contractor or its subcontractors fails to comply with a federal, state or local law and the noncompliance, based on the facts and circumstances would constitute a material breach of this Agreement under California law.

"Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. 8. PERFORMANCE MEASURES:

A. Complete and Timely Provision of Services

- A. Contractor agrees to allow the DSH to inspect its facilities and systems, and make available for review its books and records to enable the DSH to monitor compliance with the terms of this Agreement and audit invoices submitted to the DSH.
- B. Contractor shall promptly remedy any violation of any provision of this Agreement to the satisfaction of the DSH.
- C. The fact that the DSH inspects, or fails to inspect, or has the right to inspect Contractor's facilities, systems, books and records does not relieve Contractor of its responsibility to independently monitor its compliance with this Agreement.
- D. The DSH's failure to detect or the DSH's detection of any unsatisfactory practices, but failure to notify Contractor or require Contractor's remediation of the unsatisfactory practices does not constitute acceptance of such practice or a waiver of the DSH's enforcement rights under the Agreement.

21. USE OF STATE FUNDS:

- A. Contractor, including its officers and members, shall not use funds received from the DSH pursuant to this Agreement to support or pay for costs or expenses related to the following:

 - ii. Lobbying for either the passage or defeat of any legislation.
- B. This provision is not intended and shall not be construed to limit any expression of a view, opinion, or position of any member of Contractor as an individual or private citizens, as long as state funds are not used; nor does this provision limit Contractor from merely reporting the results of a poll or survey of its membership.

22. CANCELLATION PROVISIONS:

- A. Unless otherwise specified, this Agreement may be canceled at any time by the DSH, in writing, with thirty (30) days advance notice. If canceled, payment shall be made only for the provision of services expressly authorized by this Agreement until the date of cancellation and only at the rates set forth in Exhibit B, Budget Detail. In the case of early termination, a final payment will be made to Contractor upon receipt of an invoice covering all authorized costs, at the rates set forth

in Exhibit B, incurred prior to the date of cancellation or termination. The DSH shall not be responsible for unamortized costs, overhead or capital costs or any other related costs, including but, not limited to costs incurred in connection with the cancellation of leases or contracts pertaining to facilities, equipment or supplies, labor and employee benefits costs, and expenditures incurred after the date of notice of cancellation.

- B. If the DSH determines that the Contractor has breached a material term of the Agreement and has not cured the breach or ended the violation within the time specified by the DSH, the DSH may terminate the contract by providing notice to the Contractor. The DSH Information Security Officer shall report as required HIPAA violations to the Secretary of the U.S. Department of Health and Human Services.
- C. Failure to comply with section 1 or 6 of this Exhibit, or a violation of section 12 of this Exhibit, shall be deemed a material breach of this Agreement.

23. EMPLOYMENT PROVISIONS:

- A. Contractor acknowledges and agrees that neither Contractor, their personnel, subcontractors, nor other service providers through this Agreement are employees of the DSH. Contractor and its independent contractors shall be solely responsible for:
 - i. Paying any and all payroll taxes, including, but not limited to Social Security and Medicare taxes,
 - ii. Federal or state income tax withholding,
 - iii. Providing unemployment insurance and workers compensation insurance, and
 - iv. Paying compensation to its employees in accordance with federal and state labor laws, including overtime pay unless otherwise specified in this Agreement, as well as penalties that may be imposed for failure to comply with these laws. The DSH, at its option, may repair any such damage and deduct the cost thereof from any sum due Contractor under this Agreement.

25. SECURITY CLEARANCE/FINGERPRINTING/TUBERCULIN SKIN TESTING:

- A. The DSH reserves the right to conduct fingerprinting, drug testing, and/or security clearance through the Department of Justice, Bureau of Criminal Identification and Information (BCII), prior to award and at any time during the term of the Agreement, in order to permit Contractor, their personnel, subcontractors, and other service providers through this Agreement access to State premises. The DSH further reserves the right to terminate this Agreement should a threat to security be determined.
- B. In the event that the services required under this Agreement will be performed within a DSH facility, Contractors and their employees who are assigned to work with, near, or around patients shall be required to be examined and tested or medically evaluated by a licensed healthcare provider for TB in an infectious or contagious stage prior to the performance of contracted duties, and at least once a year thereafter (within 12 months of their initial or previous TB test under this contract), or more often as directed by DSH. Contractors and their employees who have any contact (physical or nonphysical) with patients, shall be required to furnish to the DSH Contract Manager, at no cost to DSH, a documented Tuberculosis (TB) evaluation/test for TB infection (Tuberculin Skin Test (TST) or a blood test Interferon Gamma Release Assay (IGRA) completed within (30) thirty days of the start date of the services and be certified to be free of TB in an infectious or contagious stage by a licensed healthcare provider prior to assuming their contracted duties and annually thereafter.
- C. If both of the documented results of the TST provided $\leq 0-9$ /mm of induration, then the tested person may be cleared to provide services. However, if the documented result of the TST is ≥ 10 /mm of induration, then they shall be subject to additional testing and/or clearances before he or she is allowed to work at a DSH facility.
- D. The DSH reserves the right, in its sole and absolute discretion, to take measures to minimize the transmission of influenza. Contractor, their personnel, subcontractors, and other service providers through this Agreement may be required to either a) show written proof that they have received an influenza vaccine, or b) complete an Influenza Declination Form, which will be provided upon request. In addition, all non-vaccinated providers may be required to wear a mask. In its sole and absolute discretion, DSH may elect to provide free influenza vaccines to Contractor, their personnel, subcontractors, and other service providers through this Agreement.

- A. For applicable medical services contracts, and in accordance with the Physician Ownership and Referral Act of 1993, Contractor shall not refer any patient to any health care provider or health-related facility if the Contractor has a financial interest with that health care provider or health-related facility.
- B. Contractor may make a referral to or request consultation from a sole source health care provider or health-related facility in which financial interest is held if Contractor is located where there is no alternative provider of service within either twenty-five (25) miles or forty (40) minutes travel time, subject to the prior approval of the DSH. Contractor shall disclose, in writing, as well as on a continuous basis, to the DSH, its financial interest at the time of referral or request for consultation. In no event, will this prohibit patients from receiving emergency health care services.

27. AMENDMENTS:

- A. The parties reserve the right to amend this Agreement as mutually agreed upon. This is in addition to the right to amend for other reasons contained in this Agreement or noted in the solicitation that resulted in this Agreement, if applicable. Any amendment shall be in writing and signed by both parties, and be approved by the Department of General Services if such approval is required.

Notification shall be provided to the DSH Program Contract Manager, the DSH Privacy Officer and the DSH Chief Information Security Officer, using the contact information listed in Section XI(F), below. If the breach or security incident is discovered after business hours or on a weekend or holiday and involves DSH PCI in electronic or computerized form, notification to DSH shall be provided by calling the DSH Information Security Office at the telephone numbers listed in Section XI(F), below. For purposes of this Section, breaches and security incidents shall be treated as discovered by Contractor as of the first day on which such breach or security incident is known to the Contractor, or, by exercising reasonable diligence would have been known to the Contractor. Contractor shall be deemed to have knowledge of a breach if such breach is known, or by exercising reasonable diligence would have been known, to any person, other than the person committing the breach, who is an employee or agent of the Contractor.

Contractor shall take:

1. prompt corrective action to mitigate any risks or damages involved with the breach or security incident and to protect the operating environment; and
2. any action pertaining to a breach required by applicable federal and state laws, including, specifically, California Civil Code sections 1798.29 and 1798.82 (2021).

- B. Investigation of Breach and Security Incidents: The Contractor shall immediately investigate such breach or security incident. As soon as the information is known and subject to the legitimate needs of law enforcement, Contractor shall inform the DSH Program Contract Manager, the DSH Privacy Officer, and the DSH Chief Information Security Officer of:

Attachment 1 Contractor Data Security Standards

1. General Security Controls

- A. **Confidentiality Statement.** All persons that will be working with DSH PCI must sign a confidentiality statement. The statement must include at a minimum, General Use, Security and Privacy safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by the workforce member prior to access to DSH PCI. The statement must be renewed annually. The Contractor shall retain each person's written confidentiality statement for DSH inspection for a period of three (3) years following contract termination.
- B. **Background check.** Before a member of the Contractor's workforce may access DSH PCI, Contractor must conduct a thorough background check of that worker and evaluate the results to assure that there is no indication that the worker may present a risk for theft of confidential data. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years following contract termination.
- C. **Workstation/Laptop encryption.** All workstations and laptops that process and/or store DSH PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. The encryption solution must be full disk unless approved by the DSH Information Security Office.
- D. **Server Security.** Servers containing unencrypted DSH PCI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- E. **Minimum Necessary.** Only the minimum necessary amount of DSH PCI required to perform necessary business functions may be copied, downloaded, or exported.
- F. **Removable media devices.** All electronic files that contain DSH PCI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, smart devices tapes etc.). PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher
- G. **Antivirus software.** All workstations, laptops and other systems that process and/or store DSH PCI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.

- H. **Patch Management.** All workstations, laptops and other systems that process and/or store DSH PCI must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release.
- I. **User IDs and Password Controls.** All users must be issued a unique user name for accessing DSH PCI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Must be at least eight characters. Must be a non-dictionary word. Must not be stored in readable format on the computer. Must be changed every 60 days. Must be changed if revealed or compromised. Must be composed of characters from at least three of the following four groups from the standard keyboard:
- Upper case letters (A-Z)
 - Lower case letters (a-z)
 - Arabic numerals (0-9)
 - Non-alphanumeric characters (punctuation symbols)
- J. **Data Sanitization.** All DSH PCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the DSH PCI is no longer needed.

2. System Security Controls

- A. **System Timeout.** The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.
- B. **Warning Banners.** All systems containing DSH PCI must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.
- C. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for DSH PCI, or which alters DSH PCI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. This logging must be included for all user privilege levels including, but not limited to, systems administrators. If DSH PCI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.

- D. **Access Controls.** The system must use role based access controls for all user authentications, enforcing the principle of least privilege.
- E. **Transmission encryption.** All data transmissions of DSH PCI outside the contractor's secure internal network must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. Encryption can be end to end at the network level, or the data files containing DSH PCI can be encrypted. This requirement pertains to any type of DSH PCI in motion such as website access, file transfer, and E-Mail.
- F. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting DSH PCI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

3. Audit Controls

- A. **System Security Review.** All systems processing and/or storing DSH PCI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews shall include vulnerability scanning tools.
- B. **Log Reviews.** All systems processing and/or storing DSH PCI must have a routine procedure in place to review system logs for unauthorized access.
- C. **Change Control.** All systems processing and/or storing DSH PCI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

4. Business Continuity / Disaster Recovery Controls

- A. **Disaster Recovery.** Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of electronic DSH PCI in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this agreement for more than 24 hours.
- B. **Data Backup Plan.** Contractor must have established documented procedures to securely backup DSH PCI to maintain retrievable exact copies of DSH PCI. The backups shall be encrypted.
