## **1. PROBLEM STATEMENT**

Walking and bicycling can be enjoyable and effective for people of all ages, from young children to adults. Each year, unfortunately, pedestrian and bicyclist fatalities comprise about 19 percent of all traffic fatalities with approximately 6,000 pedestrian deaths and 850 bicyclist deaths in the US. Another 76,000 pedestrians and 47,000 bicyclists are injured in roadway crashes annually (highways.dot.gov).

In Yolo County, there are far too many collisions involving pedestrians or bicyclists, and few residents are fully familiar with laws regarding pedestrian and bicycle activity on roadways. The Statewide Integrated Traffic Records System (SWITRS) data shows that between the years 2020-2022 the percentage of injury/fatality collisions that involved bicyclists and pedestrians was 12.4% and the victims that were killed/injured was 9.2%. Many of the collisions occur within the city limits of Woodland, West Sacramento, and Davis, where residents walk and bike for transportation and recreation but interface with vehicles regularly. This data suggests that when collisions occur, somebody gets injured or dies.

Yolo County has a higher than state average mode share for walking (2.2%) and biking (5.2%) to work. This data indicates that Yolo County residents enjoy a lifestyle of active transportation at a greater level than found across the state. Davis has the highest percentage of residents who bike (11%) and walk (2.6%) to work. In the month of October 2021, the Davis school district average for kinder through twelfth-grade walking trips to school was 15 %, biking at 30%, and carpooling at 5%. Family vehicle accounts for 50% of school commute trips (cityofdavis.org). West Sacramento follows with 1.3 % of people walking and 1.1% bicycling to work according to the US Census data.

However, more residents walking and biking regularly can have negative consequences when safety is compromised. The Yolo County Safe Routes to School (SRTS) program strived to help families walk and bike to school safely between the years 2016-2018. According to their data, 60%-75% of students do not wear a bike helmet or have a broken/unfit helmet. Many parents don't know that children under 18 require a helmet when riding, nor that helmets need to be fitted properly to help prevent an injury. In many cases, low-income families forgo bike helmets due to cost barriers. The Woodland SRTS program also found that most students in grades 4th -6th grade are not familiar with hand signals, right of way at a stop sign, or which side of the road to ride on. For the years 2020-2022 in Yolo County the injury fatal collision percentage was 12.4%, of that 12.4%, 8.21% of pedestrians and bicyclists injured or killed were under the age of 15, according to SWITRS. Finally, the City of Davis, which has a strong reputation for being bike-centric, fights to combat the use of earbuds and texting while cycling, as well as disregard for traffic laws by cyclists who cut corners or ride against traffic.

In short, there is an education gap among Yolo County residents when it comes to understanding how to bicycle safely, how to share the road with all users and helmet safety. In addition, there is a gap in outreach to Spanish-speaking families. More than 70,000 Yolo County residents identify as Hispanic or Latino. In these communities, 22.8% of residents identify as speaking Spanish at home, based on recent US Census data. These individuals need to be reached in their language of origin, when possible, and in locations where they congregate.

Further, in some Yolo County cities such as Woodland, West Sacramento, Winters, and Knights Landing there is a lack of consistent or long-standing initiatives to educate families about bicyclist and pedestrian safety. The project will target families in those cities via education at partner agencies, at community events, and through public awareness campaigns. The program will emphasize working with Spanish-speaking families and low-income families by collaborating with partners who serve these populations. Furthermore, county-wide media campaigns to promote safety behaviors among road users will also reach the Davis population and those living in the unincorporated areas of Yolo County.

### 3. METHOD OF PROCEDURE

#### A. Phase 1 – Program Preparation (1<sup>st</sup> Quarter of Grant Year)

- Develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- All training needed to implement the program should be conducted in the first quarter.
- All grant related purchases needed to implement the program should be made in the first quarter.

#### Media Requirements

- Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS coordinator and OTS PIO.

#### B. Phase 2 – Program Operations (Throughout Grant Year)

#### Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the Coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS Coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your Coordinator should still be notified when the grant-related activity is

happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).

- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at [pio@ots.ca.gov](mailto:pio@ots.ca.gov) and your Coordinator with embargoed date and time or with “INTERNAL ONLY: DO NOT RELEASE” message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at [pio@ots.ca.gov](mailto:pio@ots.ca.gov) for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at [pio@ots.ca.gov](mailto:pio@ots.ca.gov) and copy your OTS Coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS Coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at [pio@ots.ca.gov](mailto:pio@ots.ca.gov) and copy your OTS Coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- Contact the OTS PIO or your OTS Coordinator for consultation when changes from any of the above requirements might be warranted.

### **C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)**

1. Prepare and submit grant claim invoices (due January 30, April 30, July 30, and October 30)
2. Prepare and submit Quarterly Performance Reports (QPR) (due January 30, April 30, July 30, and October 30)
  - Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
  - Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
  - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
  - Collect, analyze and report statistical data relating to the grant goals and objectives.

### **4. METHOD OF EVALUATION**

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

### **5. ADMINISTRATIVE SUPPORT**

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

## GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

*“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA.”*

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

## SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in § 21.23(b) and (c) of [49 CFR part 21](#) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
