Subject: Please DO NOT consider a ceasefire resolution re: the conflict in Israel/Gaza

I ask that the Yolo County Board of Supervisors **not schedule** a draft resolution pertaining to the conflict in Israel/Gaza. The complexity of the international geopolitical issues which have led to this chapter of the conflict is in no way an appropriate way for the county supervisors to spend their time on. Your responsibility is to improve the lives of the residents of Yolo County who need food, housing, public health improvements, and a sense of safety. We all need to work to reduce hate in our community, so that everyone here can feel that they belong and that they are safe..

Among the many serious issues facing this county is rising anti-semitism. If the Board of Supervisors puts a ceasefire resolution on the agenda, it will only further endanger the safety of the many Jewish families and individuals who live, work and go to school in Yolo County.

And to what end? It will have no impact on Hamas, nor on Israel. But it will certainly have a negative impact on this community.

Sincerely,

Carrie Shepard
