**Subject:** Ceasefire now agenda!

Hello Supervisors,

I am really shocked that there is no Ceasefire agenda item for January 23rd.  
Not even a discussion? In the face of this historic genocide and expanding war?

A ceasefire demand is such a low threshold.

We should be demanding a flood of aid into starving Gaza, and an end to atrocities of every sort against Palestinians. And now we need a new demand to stop bombing Lebanon, and Yemen as well as Gaza. New demands say stop these murders of thousands of people by our own country as well as Israel. We are complicit in these murders. This is unbearable and unbelievable for American people.

Take courage, supervisors! You must represent us, your constituents.

Put the ceasefire now demand on the agenda.

Don't fail us, and more importantly don't fail the helpless targets of genocide in Gaza.

Sincerely,

Jessica Chabot, MD
