Dear Supervisor Provenza,

Last week, Senator Laphonza Butler voted in favor of Senator Bernie Sanders' resolution to investigate Israel human rights practices under 502B(e) of the Foreign Assistance Act of 1961. While the resolution did not pass, the fact that it was even on the agenda is a clear sign that government officials are starting to acknowledge the fact that most Americans support a cessation of the hostilities and the 30,000 Palestinians and 1200 Israelis killed in this conflict.

Because the state of California and the United States government essentially hands Israel a blank check for billions of dollars every year means that we are complicit by supplying the weapons that are killing innocent Palestinian civilians.

Please put on the agenda a resolution for a permanent ceasefire resolution similar to the ones passed by the City of Davis and the City of San Francisco.

Thank you for your time,
Mary Caridi
