**JOINT APPRENTICESHIP COMMITTEE PARTICIPATION CERTIFICATION**

The County has adopted a Joint Apprenticeship Committee (JAC) participation requirement for certain public projects estimated to cost more than one-million dollars (\$1,000,000). A JAC means an apprenticeship program comprised of an equal number of employer and employee representatives approved by the State of California Division of Apprenticeship Standards. This JAC requirement is in addition to the apprenticeship requirements of the Prevailing Wage Laws.

**To satisfy the County’s JAC participation requirement, Contractors must submit evidence satisfactory to the Procurement Manager or the Procurement Manager’s designee that they participate in a JAC by being a signatory to a JAC or employ registered apprentices dispatched by a JAC. Such evidence may be in the form of a signed letter from a JAC confirming the Contractor is a signatory to a JAC or has hired registered apprentices who are active participants of a JAC.**

By signing below, Contractor acknowledges the County’s JAC participation requirement and certifies that it satisfies this requirement. Failure to submit this form and attach evidence of compliance with this requirement shall result in a determination that the bid is non-responsive.

**ACKNOWLEDGMENT RE: HEALTH CARE EXPENDITURE REQUIREMENT**

As set forth in the County's Policy on Procurement, the County has adopted the following requirement regarding Health Care Expenditures for certain public projects estimated to cost more than one million dollars (\$1,000,000):

Each Contractor with construction craft employees shall make health care expenditures for each such employee in an amount per hour worked on the Covered Project equivalent to at least the hourly pro rata cost of a Covered California Platinum level plan for two 40-year-old adults and two dependents 0 to 14 years of age for the Covered California rating area in which the development is located. Qualifying expenditures shall be credited toward compliance with prevailing wage payment requirements up to the amount determined by the Director of Industrial Relations pursuant to Sections 1773 and 1773.9 of the Labor Code. Health care expenditures in excess of that amount shall not be so credited. "Health care expenditures" include contributions under Sections 501(c) or (d) or 401(a) of the Internal Revenue Code and payments toward "medical care" as defined under Section 213(d)(1) of the Internal Revenue Code. A Contractor that is signatory to a valid collective bargaining agreement that requires payment of at least the prevailing wage, participation in a joint labor-management apprenticeship program, and the provision of health care payments for all construction craft employees shall be deemed in compliance. A Contractor without construction craft employees shall show a contractual obligation that its subcontractors comply with this paragraph.

The Project is a "Covered Project" and subject to this health care expenditure requirement.

By signing below, Contractor acknowledges that Contractor has read and will comply with this health care expenditure requirement or, alternatively, that Contractor is a signatory to a valid collective bargaining agreement, which requires payment of at least the prevailing wage, participation in joint labor-management apprenticeship program, and the provision of health care payments for all construction craft employees.

Failure to submit this acknowledgment form shall result in a determination that the bid is non-responsive.
