Your Comment

This is a confusing document and very overwhelming. It is not clear as to what the direction of the County is or what is most important.

Thank you,

Yolo County

Comm Serv #1 Strategy is "Implement the Climate Action and Adaptation Plan and associated program efforts through collaboration, securing ongoing funding, and completing necessary studies to improve the County's resilience against challenges associated with climate change." #6 is "Improve responsiveness to road maintenance requests by identifying funding source for additional roads crew staffing and request proper position allocations as part of fiscal year 2024-25." Those are inverted....

Thank you,

Yolo County

Your Comment

It would be helpful if in the future the SAP provided information for how staff can submit suggestions for Strategies or Action Steps for consideration to be considered for future plans. And/or how to connect with each program overseeing a strategy to offer ways programs staff support could potentially contribute to achievement of the defined strategy - giving greater buy in to those who may not see their programs or services fully reflected in the chosen strategies and/or actions steps.

Thank you,

Yolo County

Write your thoughts below:

I appreciate land use that
prioritizes creating downtown housing!
Or... really anything that
reduces car dependence 😊

I really like
the bee where pesticide
reporting system

Write your thoughts below:

I think the benefit of changing
land use & zoning to improve housing
access & density, especially downtown,
would allow for many of these goals.
