The foregoing notwithstanding, neither party waives the right to recover damages against the other for breach of this Agreement.

B. This Agreement is subject to the County, the State of California and the United States appropriating and approving sufficient funds for the activities required of the Contractor pursuant to this Agreement. If the County terminates the Agreement pursuant to this subparagraph, the County will pay Contractor in accordance with this Agreement for all services performed to the satisfaction of the Director before such termination and for which funds have appropriated as required by law.

XIV. INDEMNIFICATION

A. Contractor shall exercise all of the care and judgment consistent with good practices in the performance of the services required by this Agreement.

B. In providing any defense under this Section, Contractor shall utilize counsel approved by the Office of the County Counsel in its reasonable discretion.

C. Any subcontractor must agree to be bound to the County of Yolo in the same manner and to the same extent as Contractor is bound to the County of Yolo under this Agreement. Any subcontractors must further agree to include the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, with any sub-subcontractor to the extent they apply to the scope of the sub-subcontractor's work.

 - d. **Waiver of Subrogation** – Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractors may acquire against County by virtue of the payment or any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not County has received a waiver of subrogation endorsement from the insurer.
4. The limits of Insurance required in this Agreement may be satisfied by a combination of primary and umbrella or excess Insurance. Any umbrella or excess Insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of County (if agreed to in a written contract or agreement) before County’s own Insurance or self-insurance shall be called upon to protect it as a named insured.
5. Said policies shall remain in force through the life of this Agreement and, with the exception of professional liability coverage, shall be payable on a “per occurrence” basis unless County Risk Manager specifically consents in writing to a “claims made” basis. For all “claims made” coverage, in the event that Contractor changes insurance carriers Contractor shall purchase “tail” coverage covering the term of this Agreement and not less than three years thereafter. Proof of such “tail” coverage shall be required at any time that Contractor changes to a new carrier prior to receipt of any payments due.

7. Any deductibles or self-insured retentions must be declared to and are subject to the approval of the County Risk Manager. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied either by the named Insured or Yolo County.
8. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise approved by the County Risk Manager.
9. The policies shall cover all activities of Contractor, its officers, employees, agents and volunteers arising out of or in connection with this Agreement.

Contractor agrees to include with all Subcontractors in their subcontract the same requirements and provisions of this Agreement including the indemnity and insurance requirements to the extent they apply to the scope of the Subcontractor's work. Subcontractors hired by Contractor agree to be bound to Contractor and County in the same manner and to the same extent as Contractor is bound to County under the Agreement Documents. Subcontractor further agrees to include these same provisions with any Sub-subcontractor. A copy of the Owner Contract Document Indemnity and Insurance provisions will be furnished to the Subcontractor upon request. The General Contractor and/or Contractor shall require all Subcontractors to provide a valid certificate of insurance and the required endorsements included in the Agreement prior to commencement of any work and General Contractor and/or Contractor will provide proof of compliance to County. E. 2. PROJECT SUMMARY AND ADMINISTRATION

- A. Yolo County's Connections to CARE (Community, Assistance, Recovery, and Engagement) proposes to use Proposition 47 Grant funds to reduce recidivism by expanding access to substance use disorder (SUD) treatment and trauma-informed intensive case management, peer support, housing, and other wrap-around supportive services for adults with a history of SUD and current or recent justice system involvement, with an emphasis on individuals experiencing homelessness. The project aims to improve the behavioral health of participants with identified behavioral health needs through engagement in appropriate services and reduced risk/harm related to ongoing substance use; increase the self-sufficiency of participants through secured stable housing, improved income, and enrollment in health insurance; and reduce the justice system involvement for participants through prevention of further justice system involvement and diversion in which participants may have their SUD-related charge dismissed.

- B. Under no circumstance will a budget item change be authorized that would cause the project to exceed the amount of the grant award identified in this Grant Agreement.

3. BUDGET CONTINGENCY CLAUSE

- A. This grant agreement is valid and enforceable only if sufficient funds are made available through the annual transfer of savings generated by Proposition 47 from the General Fund to the Safe Neighborhoods and Schools Fund and subsequent transfer from the Safe Neighborhoods and Schools Fund to the Second Chance Fund. (Gov. Code, § 7599.1 & Pen. Code, § 6046.2.) On or before July 31st of each fiscal year the Department of Finance will calculate the state savings associated with Proposition 47 and certify the calculation to the State Controller who shall transfer those funds to the Safe Neighborhoods and Schools Fund. (Gov. Code, § 7599.1.) The grantee agrees that the BSCC's obligation to pay any sum to the grantee under any provision of this agreement is contingent upon the availability of sufficient funding transferred to the Safe Neighborhoods and Schools Fund and subsequent transfer to the Second Chance Fund.
- B. If Proposition 47 funding is reduced or falls below estimates contained within the Proposition 47 Request for Proposals, the BSCC shall have the option to either cancel this Grant Agreement with no liability occurring to the BSCC or offer an amendment to this agreement to the Grantee to reflect a reduced amount.
- C. If BSCC cancels the agreement pursuant to Paragraph 3(B) or Grantee does not agree to an amendment in accordance with the option provided by Paragraph 3(B), it is mutually agreed that the Grant Agreement shall have no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement except that Grantee shall be required to maintain all project records required by Paragraph 6 of Exhibit A for a period of three (3) years following the termination of this agreement.

4. PROJECT COSTS

- A. Grantee is responsible for ensuring that actual expenditures are for eligible project costs. "Eligible" and "ineligible" project costs are set forth in the July 2020 BSCC Grant Administration Guide, which can be found under Quick Links here:
https://www.bscc.ca.gov/s_correctionsplanningandprograms/
- B. The provisions of the BSCC Grant Administration Guide are incorporated by reference into this agreement and Grantee shall be responsible for adhering to the requirements set forth therein. To the extent any of the provisions of the BSCC Grant Administration Guide and this agreement conflict, the language in this agreement shall prevail.
- C. Grantee is responsible for ensuring that invoices submitted to the BSCC claim actual expenditures for eligible project costs.
- D. Grantee shall, upon demand, remit to the BSCC any grant funds not expended for eligible project costs or an amount equal to any grant funds expended by the Grantee in violation of the terms, provisions, conditions or commitments of this Grant Agreement.
- E. Grant funds must be used to support new program activities or to augment existing funds that expand current program activities. Grant funds shall not replace (supplant) any federal, state

and/or local funds that have been appropriated for the same purpose. Violations can result in recoupment of monies provided under this grantor suspension of future program funding through BSCC grants.

5. PROMPT PAYMENT CLAUSE

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

6. WITHHOLDING OF GRANT DISBURSEMENTS

- A. The BSCC may withhold all or any portion of the grant funds provided by this Grant Agreement in the event the Grantee has materially and substantially breached the terms and conditions of this Grant Agreement.
- B. At such time as the balance of state funds allocated to the Grantee reaches five percent (5%), the BSCC may withhold that amount as security, to be released to the Grantee upon compliance with all grant provisions, including:
 - 1) submittal and approval of the final invoice;
 - 2) submittal and approval of the final progress report; and
 - 3) submittal and approval of any additional required reports, including but not limited to the Final Local Evaluation Report and the financial audit.
- C. The BSCC will not reimburse Grantee for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently deemed ineligible, the BSCC may either withhold an equal amount from future payments to the Grantee or require repayment of an equal amount to the State by the Grantee.
- D. In the event that grant funds are withheld from the Grantee, the BSCC's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

7. EXECUTIVE ORDER N-6-22 – RUSSIA SANCTIONS

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. 18. PRIORITY HIRING CONSIDERATIONS: If this Contract includes services in excess of \$200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with Pub. Contract Code §10353.

19. SMALL BUSINESS PARTICIPATION AND DVBE PARTICIPATION REPORTING REQUIREMENTS:

- A. If for this Contract Contractor made a commitment to achieve small business participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) report to the awarding department the actual percentage of small business participation that was achieved. (Govt. Code § 14841.)
- B. If for this Contract Contractor made a commitment to achieve disabled veteran business enterprise (DVBE) participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) certify in a report to the awarding department: (1) the total amount the prime Contractor received under the Contract; (2) the name and address of the DVBE(s) that participated in the performance of the Contract; (3) the amount each DVBE received from the prime Contractor; (4) that all payments under the Contract have been made to the DVBE; and (5) the actual

percentage of DVBE participation that was achieved. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation. (Mil. & Vets. Code § 999.5(d); Govt. Code § 14841.)

- 20. LOSS LEADER:** If this contract involves the furnishing of equipment, materials, or supplies then the following statement is incorporated: It is unlawful for any person engaged in business within this state to sell or use any article or product as a “loss leader” as defined in Section 17030 of the Business and Professions Code. (PCC 10344(e).)

EXHIBIT D: SPECIAL TERMS AND CONDITIONS**1. GRANTEE'S GENERAL RESPONSIBILITY**

- A. Grantee agrees to comply with all terms and conditions of this Grant Agreement. Review and approval by the BSCC are solely for the purpose of proper administration of grant funds and shall not be deemed to relieve or restrict the Grantee's responsibility.
- B. Grantee is responsible for the performance of all project activities identified in Attachment 1: Proposition 47 Request for Proposals and Attachment 2: Proposition 47 Grant Proposal.
- C. Grantee shall immediately advise the BSCC of any significant problems or changes that arise during the course of the project.

2. GRANTEE ASSURANCES AND COMMITMENTS

- A. Compliance with Laws and Regulations
This Grant Agreement is governed by and shall be interpreted in accordance with the laws of the State of California. Grantee shall at all times comply with all applicable State laws, rules and regulations, and all applicable local ordinances.
- B. Fulfillment of Assurances and Declarations
Grantee shall fulfill all assurances, declarations, representations, and statements made by the Grantee in Attachment 1: Proposition 47 Request for Proposal and Attachment 2: Proposition 47 Grant Proposal, documents, amendments, approved modifications, and communications filed in support of its request for grant funds.
- C. Permits and Licenses
Grantee agrees to procure all permits and licenses necessary to complete the project, pay all charges and fees, and give all notices necessary or incidental to the due and lawful proceeding of the project work.

3. POTENTIAL SUBCONTRACTORS

- A. In accordance with the provisions of this Grant Agreement, the Grantee may subcontract for services needed to implement and/or support program activities. Grantee agrees that in the event of any inconsistency between this Grant Agreement and Grantee's agreement with a subcontractor, the language of this Grant Agreement will prevail.
- B. Nothing contained in this Grant Agreement or otherwise, shall create any contractual relation between the BSCC and any subcontractors, and no subcontract shall relieve the Grantee of his responsibilities and obligations hereunder. The Grantee agrees to be as fully responsible to the BSCC for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Grantee. The Grantee's obligation to pay its subcontractors is an independent obligation from the BSCC's obligation to make payments to the Grantee. As a result, the BSCC shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.
- C. Grantee shall ensure that all subcontractors comply with the eligibility requirements stated in the Proposition 47 RFP and described in Appendix B.
- D. Grantee assures that for any subcontract awarded by the Grantee, such insurance and fidelity bonds, as is customary and appropriate, will be obtained.
- E. Grantee agrees to place appropriate language in all subcontracts for work on the project requiring the Grantee's subcontractors to:

EXHIBIT D: SPECIAL TERMS AND CONDITIONS

1) Books and Records

Maintain adequate fiscal and project books, records, documents, and other evidence pertinent to the subcontractor's work on the project in accordance with generally accepted accounting principles. Adequate supporting documentation shall be maintained in such detail so as to permit tracing transactions from the invoices, to the accounting records, to the supporting documentation. These records shall be maintained for a minimum of three (3) years after the acceptance of the final grant project audit under the Grant Agreement and shall be subject to examination and/or audit by the BSCC or designees, state government auditors or designees, or by federal government auditors or designees.

2) Access to Books and Records

Make such books, records, supporting documentations, and other evidence available to the BSCC or designee, the State Controller's Office, the Department of General Services, the Department of Finance, California State Auditor, and their designated representatives during the course of the project and for a minimum of three (3) years after acceptance of the final grant project audit. The Subcontractor shall provide suitable facilities for access, monitoring, inspection, and copying of books and records related to the grant-funded project.

4. PROJECT ACCESS

Grantee shall ensure that the BSCC, or any authorized representative, will have suitable access to project activities, sites, staff and documents at all reasonable times during the grant period including those maintained by subcontractors. Access to program records will be made available by both the grantee and the subcontractors for a period of three (3) years following the end of the grant period.

5. ACCOUNTING AND AUDIT REQUIREMENTS

- A. Grantee agrees that accounting procedures for grant funds received pursuant to this Grant Agreement shall be in accordance with generally accepted government accounting principles and practices, and adequate supporting documentation shall be maintained in such detail as to provide an audit trail. Supporting documentation shall permit the tracing of transactions from such documents to relevant accounting records, financial reports and invoices.
- B. The BSCC reserves the right to call for a program or financial audit at any time between the execution of this Grant Agreement and three years following the end of the grant period. At any time, the BSCC may disallow all or part of the cost of the activity or action determined to not be in compliance with the terms and conditions of this Grant Agreement or take other remedies legally available.

6. DEBARMENT, FRAUD, THEFT OR EMBEZZLEMENT

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to grantees that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant

EXHIBIT D: SPECIAL TERMS AND CONDITIONS

program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All Grantees must have on file with the BSCC a completed and signed Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement (Required as Attachment E of the original Proposal Package).

7. MODIFICATIONS

No change or modification in the project will be permitted without prior written approval from the BSCC. Changes may include modification to project scope, changes to performance measures, compliance with collection of data elements, and other significant changes in the budget or program components contained in Attachment 1: Proposition 47 Request for Proposal and Attachment 2: Proposition 47 Grant Proposal.

8. TERMINATION

- A. This Grant Agreement may be terminated by the BSCC at any time after grant award and prior to completion of project upon action or inaction by the Grantee that constitutes a material and substantial breach of this Grant Agreement. Such action or inaction includes but is not limited to:
- 1) substantial alteration of the scope of the grant project without prior written approval of the BSCC;
 - 2) refusal or inability to complete the grant project in a manner consistent with Attachment 1: Proposition 47 Request for Proposal and Attachment 2: Proposition 47 Grant Proposal, or approved modifications;
 - 3) failure to provide the required local match share of the total project costs; and
 - 4) failure to meet prescribed assurances, commitments, recording, accounting, auditing, and reporting requirements of the Grant Agreement.
- B. Prior to terminating the Grant Agreement under this provision, the BSCC shall provide the Grantee at least 30 calendar days written notice stating the reasons for termination and effective date thereof. The Grantee may appeal the termination decision in accordance with the instructions listed in Exhibit D: Special Terms and Conditions, Number 8. Settlement of Disputes.

9. SETTLEMENT OF DISPUTES

- A. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Grantee shall submit to the BSCC Corrections Planning and Grant Programs Division Deputy Director a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Grant Agreement. Grantee's written demand shall be fully supported by factual information. The BSCC Corrections Planning and Grant Programs Division Deputy Director shall have 30 days after receipt of Grantee's written demand invoking this Section "Disputes" to render a written

EXHIBIT D: SPECIAL TERMS AND CONDITIONS

decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. If the Grantee is not satisfied with the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30-day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.

- B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

10. UNION ACTIVITIES

For all agreements, except fixed price contracts of \$50,000 or less, the Grantee acknowledges that applicability of Government Code §§16654 through 16649 to this Grant Agreement and agrees to the following:

- A. No State funds received under the Grant Agreement will be used to assist, promote or deter union organizing.
- B. Grantee will not, for any business conducted under the Grant Agreement, use any State property to hold meetings with employees or supervisors, if the purpose of such meetings is to assist, promote or deter union organizing, unless the State property is equally available to the general public for holding meetings.
- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

11. WAIVER

The parties hereto may waive any of their rights under this Grant Agreement unless such waiver is contrary to law, provided that any such waiver shall be in writing and signed by the party making such waiver.

Yolo County's Connections to CARE (Community, Assistance, Recovery, and Engagement) proposes to use Proposition 47 Grant funds to reduce recidivism by expanding access to substance use disorder (SUD) treatment and trauma-informed intensive case management, peer support, housing, and other wrap-around supportive services for adults with a history of SUD and current or recent justice system involvement, with an emphasis on individuals experiencing homelessness. The project aims to improve the behavioral health of participants with identified behavioral health needs through engagement in appropriate services and reduced risk/harm related to ongoing substance use; increase the self-sufficiency of participants through secured stable housing, improved income, and enrollment in health insurance; and reduce the justice system involvement for participants through prevention of further justice system involvement and diversion in which participants may have their SUD-related charge dismissed.

Proposition 47 Proposal Narrative

Project Need - 1.1 Yolo County's (YC) Connections to CARE (Community, Assistance, Recovery, and Engagement) (C2C) will use Proposition (Prop) 47 funds to reduce recidivism by expanding access to substance use disorder (SUD) treatment and trauma-informed wraparound services for adults with a history of SUD and current/recent justice system involvement, with an emphasis on those experiencing homelessness.

In YC, evidence of cyclical justice system involvement for individuals with unmet SUD and/or housing needs is prevalent. YC analyzed integrated justice, housing, and behavioral health (BH) data and found that from 2017 to 2021, 53% (2,941) of individuals with SUD diagnoses had at least two jail bookings, and 24.5% (1,056) of individuals in the Homeless Management Information System had at least one jail booking.ⁱ Individuals with unmet BH needs are more likely to experience repeated justice system involvement. Of 4,733 unique individuals with jail bookings in YC in 2019, 266 had four or more bookings, and 22% of those had a recent SUD diagnosis.ⁱⁱ Additionally, YC's 2019 Point-in-Time (PIT) Count found the number living unsheltered increased from 209 in 2017 to 397 in 2019, and many of these individuals likely have unmet needs.ⁱⁱⁱ Of those living unsheltered, 52% reported a prior criminal conviction, 33% reported having a SUD, and 15% reported a co-occurring disorder (COD).^{iv} These rates are far higher than the Substance Abuse and Mental Health Services Administration's estimate for the general population of 7.4% with an SUD and 1.4% with a COD for the same period.^v

As part of its approach to reduce recidivism for adults with nonviolent offenses, YC has developed many diversion programs, such as its Restorative Justice Partnership (RJP) program; specialty courts like its Addiction Intervention and Mental Health Courts and the Mental Health Diversion program; and the SUD-focused Harm Reduction (HR)

Diversion program. However, diversion alone is insufficient to break the cycle of justice system involvement for individuals with unmet BH and/or housing needs. Between 2013 and 2016, 63.5% of participants in RJP with an alcohol-related offense were re-arrested for a similar offense, which is significantly higher than the overall 4.8% one-year arrest rate for RJP participants with misdemeanor offenses.^{vi} Additionally, during the 2021 pilot phase of the HR Diversion program, only 10.8% of the 323 unique individuals who were eligible for diversion due to a substance-related offense and were referred to SUD treatment enrolled in or continued treatment.^{vii} This rate is even lower for those facing additional barriers, at 6.8% for the 117 diversion-eligible individuals who were identified as transient and only 1.5% for the 68 diversion-eligible individuals identified as transient with a current/recent probation status.^{viii} YC stakeholders identified that the pilot program's lack of tailored outreach and support for those experiencing homelessness or with critical unmet needs contributed to the low engagement rate, which highlights a need for a dedicated support team for those facing these barriers. Despite the availability of diversion opportunities in YC, there is a need to also provide individuals with unmet BH and/or housing needs with intensive case management (ICM) and wraparound services to help reduce their risk of future justice system involvement. Without early intervention services for individuals with unmet needs and low-level offenses, justice system involvement can compound. For example, California admission data on individuals deemed incompetent to stand trial found that 65% were unhoused in 2018-2020 and the share with 15+ prior arrests and with SUD as a primary diagnosis have been increasing to 40% and over 10%, respectively, as of 2016.^{ix} Additionally, many in YC struggle to have their basic needs met with 20.9% of residents living in poverty—the highest in

California—which can contribute to justice system involvement and demonstrates a need to connect residents to wraparound services.^x Counties like YC need to invest in early intervention programs like C2C that can break this cycle sooner and create downstream impacts for individuals served and for state and local government justice and BH systems.

YC has utilized Prop 47 and other funding to support successful programs to address this need, including: Homeless Neighborhood Court, which connected restorative justice (RJ) participants to a social worker to address housing, self-sufficiency, BH, and physical health needs and Steps to Success (S2S), which connected RJ participants to a collaborative team of community-based providers for ICM, BH services, supportive housing, civil legal services, and peer support. S2S's housing support was critical to its commitment to participant stability and self-sufficiency. Of the 158 unique individuals served through S2S, 88.6% were identified as having housing needs, of which 80.1% received housing assistance.^{xi} Demonstrating improved stability, 23 of the 26 individuals who had exited the program at the time of the evaluation had maintained their housing for at least six months.^{xii} This emphasis on support and building self-sufficiency contributed to reduced justice system involvement: Only 22% and 6% of S2S's 158 participants were arrested/ticketed during their enrollment or after their exit, respectively; only 1% were convicted of new criminal offenses committed during S2S enrollment; and 3% were convicted of new criminal offenses committed after exiting S2S.^{xiii}

These programs previously filled a vital gap in YC, but they were limited by funding. Although YC continues to offer diversion opportunities, there is now a gap in with no wraparound services to support individuals experiencing homelessness and/or SUD or

COD to address their BH needs; increase self-sufficiency, including through access to stable housing; and reduce their future justice system involvement.

1.2 C2C's target population is: adults with a history of SUD or COD who have (1) been arrested for low-level drug possession or public intoxication and are eligible for HR Diversion or (2) been arrested in the prior three years and either entered YC's Crisis Now receiving/sobering center with a SUD-related crisis through pre-arrest contact with specialized law enforcement units or were identified directly by homeless outreach teams (HOTs). As a wraparound program with housing support, C2C will prioritize individuals who are also experiencing homelessness. This target population will be measurable through Crisis Now and HOT referral records, arrest data in the County District Attorney's (DA) Law Suite, filed charges and YC court records, and the results of evidence-based assessment tools. As described in 1.1, this population was identified due to their justice system overrepresentation and evidence of unmet BH and housing needs.

1.3 YC Health and Human Services Agency (HHSA) reviewed 2017 the Board of State and Community Corrections (BSCC) data^{xiv} and 2019 PIT Count demographic data^{xv} to identify populations that are overrepresented in the arrestee and homeless populations due to being underserved. Three notable disparities were identified compared to the YC's general population: (1) African Americans are overrepresented by 14% in the arrestee population and by 11% in the homeless population, (2) Hispanics/Latinos are overrepresented by 7% in the arrestee population, and (3) males are overrepresented by 13% in the homeless population. To address these disparities, HHSA will embed the National Standards for Culturally and Linguistically Appropriate Services in Health and Healthcare into components of service design and delivery, including targeting services

to highly impacted communities and hiring bilingual staff educated in needs specific to the underserved groups. HHSA's Cultural Competence Committee (CCC) will also participate in the Local Advisory Committee (LAC) to ensure equitable and respectful quality of care is imbedded in C2C's design and routinely reduce disparities in C2C's service delivery by promoting culturally and gender appropriate sober living activities; monitoring cultural competence in diversion and SUD programming; offering cultural competency training on diverse cultural and gender-specific health beliefs and practices, preferred languages, and health literacy levels; and creating additional performance measures as needed.

1.4 The need that C2C is designed to address and its target population align with Prop 47's intent to support programs that provide SUD treatment and wraparound, trauma-informed services to adults arrested for less serious offenses. C2C's goals are to improve participant BH through engagement in appropriate services and substance use risk/harm reduction; increase participant self-sufficiency through secured stable housing, improved income, reduced civil legal barriers, and enrollment in health insurance; and reduce participant justice system involvement through prevention, diversion, and RJ. C2C's collaborative cross-system approach will best meet the needs of this target population.

Community Engagement - 2.1 YC's LAC comprises a diverse group of stakeholders that reflect the make-up and culture of the County at large, members of the target population, and local service providers addressing the identified needs. These include individuals with incarceration and/or homelessness experiences, police department HOT coordinators, CCC members, RJ case conference volunteers, housing and BH providers, probation officers, County Public Defender's (PD) Office attorneys, and DA prosecutors.

2.2 HHSA collaborated with its key partners—the DA, PD’s Office, and Probation Department (Probation) (see Attachment J)—to identify potential LAC members and request their participation for this proposal, including program design and target population, using its community partnerships founded through years of prior collaborative community programs and grants. HHSA recruited individuals with lived experience to the LAC through service providers who work with the target population. HHSA selected representatives from these groups for the LAC based on their expertise in identifying and prioritizing the YC’s and target population’s most pressing needs; identifying the program design and services to best address those needs; and supporting the development and implementation of C2C. See Attachments D and E for more detail.

In addition to diverse LAC recruitment, HHSA solicited input on the proposal’s program design and target population directly from a range of community stakeholders. In March and early April 2022, HHSA and its key partners hosted a series of community forums in the YC’s four largest jurisdictions. HHSA and the DA advertised extensively through social media and local newspapers and provided an email address for public comment. The meetings were held in the evenings in ADA-accessible public buildings with ample parking and public transportation access. In total, 381 YC residents attended these meetings, which were live streamed and archived to the RJP’s webpage. Following these forums, HHSA and the DA responded to multiple emails from community members.

The DA engaged two local law enforcement agencies with sworn officers and civilians on their HOTs to solicit feedback on the proposal’s design and population. HHSA facilitated three input meetings across the YC with 35 individuals with current or past experiences of homelessness to solicit feedback on how best tailor C2C to their needs.

HHSA presented proposal information twice to all six Commission members, five who are elected officials, and at least 18 other attendees of the Yolo County Commission to Address Homelessness, a collaboration of local governments with a mission to end functional homelessness. To seek input on incorporating effective intervention strategies into the C2C program design, the Yolo County Homeless and Poverty Action Coalition, YC's non-profit homeless Continuum of Care, held a meeting with 11 board members and 33 others and HHSA, DA, and PD representatives engaged the National Alliance on Mental Illness Yolo County and the Local Mental Health Board. At each community engagement meeting, HHSA, DA, and PD representatives shared the full list of all communities and organizations involved in this input process.

2.3 HHSA provides public notice of LAC meetings by advertising on social media, posting meeting dates/locations online, and posting notices at local homeless shelters at least one week prior to each meeting. HHSA also maintains a Prop 47 website where it posts the LAC meeting schedule, agenda, and materials. HHSA ensures that LAC meetings are publicly accessible by using a hybrid meeting model with both an in-person and virtual option, rotating the in-person location across the YC's population centers, and selecting ADA-compliant locations accessible via public transit. The LAC provides opportunity for meaningful participation through a standing input solicitation agenda item.

Project Description - 3.1 C2C aims to improve the BH of participants with identified BH needs through engagement in appropriate services and substance use risk/harm reduction; increase the self-sufficiency of participants through secured stable housing, improved income, reduced civil legal barriers, and enrollment in health insurance; and

reduce participant justice system involvement through prevention, diversion, and RJ. The goals and objectives are described in more detail in Attachment I.

3.2 To achieve these goals, all C2C participants will receive ICM and peer support, engage in community/residential SUD treatment, and participate in a RJ case conference with community volunteers. Participants may also receive additional services based on their assessed needs, with an emphasis on housing and improved income. Participants who enrolled in the program because of a substance-related offense may also participate in the diversion component of the program, in which the participant's SUD-related charge and other charges are dismissed if they provide the court proof of their screening for or engagement in SUD treatment and complete the RJ process. This intervention design emphasizing ICM, treatment, housing, other supportive services, and RJ is modeled after YC's Prop 47 Cohort 1 program, S2S, which, as described in 1.1, resulted in stable housing outcomes and reduced justice system involvement for participants.

When participants enroll in the program, they will be connected with an ICM team that will use evidence-based tools (See 3.4 for details) to assess participant strengths and needs. Using these results, the ICM team and the participant will co-develop an individualized case plan to reduce justice involvement and address BH, housing, income, and other self-sufficiency needs. The ICM team (see below for detail) will support the participant in BH treatment engagement and help those who are eligible to meet their diversion requirements; support the RJ process; help obtaining personal identification and documentation; and provide peer mentoring, transportation/bus passes, and other assistance such as medication purchases and clothing needs. The ICM will partner with YoloWorks to support job skills training, resume building, and job placement supports.

For participants who enter C2C with an active probation status, the ICM team will collaborate service delivery and supervision with the participant's assigned probation officer. For participants with an identified housing need, the ICM team will facilitate linkage to C2C's housing specialist who can provide rapid rehousing; transitional housing; permanent housing search; move-in assistance including application fees and security deposits; landlord recruitment; credit repair; rental assistance until participants can independently pay rent; and good neighbor and community relationships coaching. For participants with an identified civil legal barrier, the ICM team will facilitate linkage to C2C's civil legal services provider for legal assistance. Participants will be encouraged to attend the civil legal services provider's community sessions to improve their knowledge of their rights and common non-criminal barriers to basic needs. C2C will provide 150 individuals (50/year) with ICM, peer support, and SUD treatment; 144 individuals with RJ case conferences (48/year); 135 individuals (45/year) with housing assistance; 195 individuals (65/year) with civil legal services/education; and 120 (40/year) with diversion. HHSA will use the actions listed in 1.3 to ensure that those who are most impacted by Prop 47, including those who have been underserved, receive C2C services.

HHSA anticipates that participants will spend an average of one year enrolled in the program, but services will not be time-limited. Participants may graduate when they have completed their RJ case conference and reached a level of self-sufficiency as indicated by the program's assessment tools (see 3.4 for a description of the tools) and the Snohomish County, Washington Self-Sufficiency Matrix (SSM). The team will use the SSM to monitor participant self-sufficiency levels and determine when it is appropriate for the participant to graduate from C2C, and, if needed, transition to a lower level of care.

C2C will engage multiple CBOs as community partners on the project, with one lead CBO designated to act as the ICM team. This design values collaboration while also emphasizing the need to provide individual participants with comprehensive, coordinated service delivery. The lead CBO will provide the ICM and peer support. It is anticipated that the ICM team will include: (1) a clinical program manager, who will manage service delivery/coordination and supervise staff; (2) an employment/benefits specialist, who will support participants with applying for jobs and benefits; (3) two clinicians, who will administer assessments; (4) three case managers, who will develop individualized case plans with participants and connect them with necessities, identification, and health insurance; and (5) two peer support workers, who will provide peer mentorship, transportation to appointments, and an accessible support network. The housing specialist at the housing provider will connect participants to stable housing and/or financial assistance for housing and support housing-related life skill development. The civil legal services provider will provide direct legal assistance and offer educational workshops. Community and residential BH providers will provide participants SUD and/or mental health treatment. For participants with active probation statuses, probation officers will coordinate supervision and service delivery with the ICM team. The DA will manage eligibility determinations and train community panelists for RJ case conferences, and local law enforcement, HOTs, the DA, and Crisis Now staff will assist with referrals to C2C (See 3.4 for referral and assessment processes). HHSA will coordinate regular communication among all providers; conduct monitoring activities; coordinate with the project evaluator; and manage financial, subcontracting, and grant reporting activities. See Attachment J for the list of outside agencies and the services they will provide.

3.3 C2C's service delivery approach promotes practices that are culturally responsive, such as ongoing cultural learning via staff trainings; recognition of the disproportionate impact of trauma, discrimination, and justice system involvement on marginalized communities in case plan development; provision of diverse care and housing options to meet participants' cultural and gender needs, including whenever possible honoring the participant's request to have a case manager of their gender; and recognition of the autonomy and expertise of participants in their own lives through co-developed case plans. The approach will also be based on trauma-informed practices including: (1) Motivational Interviewing, (2) Moral Reconciliation and Cognitive Behavioral Therapies, (3) Strengths-based language, (4) Harm Reduction, and (5) Peer Support Advocacy.

To ensure the use of culturally competent and trauma-informed practices, HHSA will review each CBO's evidence-based practices (EBP) monitoring tools quarterly and has budgeted for EBP trainings that will focus on practices supporting the target populations' resilience and building CBO capacity to address known barriers for participants. LAC representation from the target population, local communities, and service providers will ensure C2C's strategic direction is responsive to the target population's needs. C2C's RJ model takes a holistic approach with a panel of community volunteers that promotes repairing the harms caused by the crime and emphasizes building healthy communities through participant connection and engagement with community resources and services.

3.4 The C2C target population will be identified at two points in the Sequential Intercept Map process: Intercept 0 (upstream/prevention) through two referral pathways for individuals who are at risk for repeat justice system involvement, and Intercept 1 (diversionary) through one referral pathway for individuals charged with a SUD-related

offense, for a total of three referral pathways into C2C. For the first Intercept 0 referral pathway, C2C will identify individuals experiencing a SUD-related crisis who are in need of SUD treatment and wraparound services who are brought to Crisis Now through pre-arrest contact with specialized law enforcement units. For the second Intercept 0 pathway, the HOTs in each community will identify individuals living in encampments who are in need of SUD treatment and want to engage in supportive services but need effective supports to fully engage. Individuals in each pathway will be referred to the DA within 24 hours for eligibility screening and will be eligible for C2C if the DA identifies that they have been arrested for any offense in the prior three years. For the Intercept 1 pathway, the DA will refer individuals through the HR Diversion program with an arrest for low-level personal use drug possession or public intoxication to C2C and offer individuals diversion to get their case dismissed. For all referrals, the DA will make the determination for eligible individuals to be referred to the lead CBO.

Once referred to the lead CBO, individuals will be offered formal enrollment and then services will be immediately available. The ICM team will administer and/or confirm completion of assessments as needed with the participant to measure how they align with the target population and to identify needs, including (1) Mental Health and Substance Use Assessment: Determines diagnosis and need; (2) Level of Care Utilization System (as needed): Provides level of care recommendations for mental health treatment; (3) American Society of Addiction Medicine Criteria Assessment: Provides level of care recommendations for SUD treatment; (4) Vulnerability Index and Service Prioritization Decision Assistance Tool or other assessment tool: Assesses vulnerability level of those experiencing homelessness and recommends appropriate housing solutions.

3.5 HHSA will issue a formal request for proposals (RFP) to contract with CBO service providers (lead CBO, civil legal services/education, and housing), leveraging existing programs with local knowledge and experience serving the target population. In addition to its own diverse staff, some with lived experience, HHSA will prioritize providers with diverse staff, including staff who are system-impacted, who speak YC's two threshold languages of Spanish and Russian, who are peers of the target population and can be part of the ICM team, and who have varied educational backgrounds.

3.6 HHSA will expedite start-up by using existing county staff (when available), infrastructure (e.g., data systems and meeting venues), and programs (e.g., Crisis Now and HR Diversion as referral sources) for the overall project coordination and direction.

3.7 YC has taken a regional and collaborative approach to C2C's design by engaging diverse service providers, county agencies, and LAC members; encouraging peer representation; and seeking input directly from impacted communities. C2C aligns with Prop 47's intent and guiding principles because it will address a gap in the YC's continuum of care by expanding access to SUD treatment, housing, wraparound services, and a restorative justice process for those who are overrepresented in the justice system due to their unmet BH, housing, and self-sufficiency needs. C2C emphasizes trauma-informed and culturally competent care for YC's most vulnerable residents when they need services the most, whether that is at the time of an SUD-related crisis or justice system involvement. Through past programs, YC has expanded its systems of care and diversion to more effectively support those with higher needs to achieve reduced justice system involvement. C2C will help to further this objective for future projects through the measurable outcomes and lessons learned through the program's evaluation.

3.8 HHSA anticipates the project will impact the DA, PD's Office, Yolo County Law Enforcement Administrators Coordinating Council (LEACC), and Probation. Impacts for all include assisting with the ongoing community engagement and participation on the LAC. LEACC will participate in recurring coordination meetings and training on the referral process for specialized units and HOTs. The DA will determine participant eligibility, support RJ processes, and provide criminal justice outcomes data. Probation will coordinate service delivery and supervision with the ICM team for participants on probation. As LAC members and other partnering agencies, all parties understand and have agreed to their agency's role in C2C (see Attachment F). HHSA will work with the affected agency and the LAC to resolve unforeseen impacts, such as reevaluating processes and developing a corrective action plan.

3.9 C2C will leverage Drug Medi-Cal (DMC) and Substance Abuse Block Grant (SABG) funding that supports YC's substance use continuum of care, which will support SUD treatment for C2C participants, and Mental Health Services Act funding that supports Crisis Now, which will be a stabilization support and connection point to C2C.

Data Collection and Evaluation - 4.1 HHSA will issue a competitive RFP to identify a professional evaluation firm for C2C. During the startup phase, HHSA and the evaluator will develop and implement program monitoring activities—such as EBP fidelity monitoring tools, audits, EBP trainings, and case file reviews—and the local evaluation plan (LEP) to track program activities, assess fidelity to the model, and inform continuous improvement in each project phase and assess process and outcome measures after the grant period. Throughout the grant, HHSA and the evaluator will work with CBOs to adjust as necessary to ensure successful completion of C2C's proposed outcomes. During the

startup phase, the evaluator will develop tools and processes with C2C partners to ensure accurate collection of participant referral, enrollment, service engagement, and completion data and provide ongoing data collection technical assistance throughout the grant period. Local evaluation results will be shared with the LAC and the public to encourage regular input and advisement on program strategies.

4.2. The LEP will include process and outcome measures. Key process measures include: number of individuals enrolled in each service area each year, rate of participation for enrolled individuals, timeliness of assessments conducted, and alignment of participant demographic makeup with the overall YC arrestee population. Key outcome measures include specific objectives within each C2C goal area, including engagement in SUD or mental health treatment, improved BH symptom management and stability, improved housing stability, increased income, reduced civil legal barriers, increased enrollment in health insurance, improved overall self-sufficiency, completed RJ agreements, reduced recidivism, reduced jail days, and reduced arrests.

4.3 The methodology for the required evaluation reports will be a mixed-method design, collecting both qualitative and quantitative data, which maximizes validity and allows for a thorough analysis of process and outcome measures, implementation, and overall effectiveness. Qualitative data sources may include focus groups and/or key informant interviews with C2C administrators, staff, participants, and other stakeholders. Quantitative data sources may include data collected by each CBO; eligibility, justice system involvement, and recidivism data collected by the DA; and referral data collected by the DA. Data sharing agreements will be executed between all program collaborators including HHSA, DA, PD, Probation, CBOs, and the evaluator.

Re: Local Government Impact Letter for Proposition 47 Grant Funds

This is a letter to acknowledge the anticipated impacts of the Yolo County Health and Human Services (HHSA) Proposition 47 Cohort 3 program proposal on the Yolo County District Attorney's office.

Project Description: Yolo County's Proposition 47 Cohort 3 Project proposes to use Proposition 47 Grant funds to reduce recidivism by expanding access to substance use disorder (SUD) treatment and trauma-informed intensive case management, peer support, housing, and other wrap-around supportive services for adults with a history of SUD and current or recent justice system involvement, with an emphasis on individuals experiencing homelessness. The project aims to improve the behavioral health of participants with identified behavioral health needs through engagement in appropriate services and reduced risk/harm related to ongoing substance use; increase the self-sufficiency of participants through secured stable housing, improved income, and enrollment in health insurance; and reduce the justice system involvement for participants through prevention of further justice system involvement and diversion in which participants may have their SUD-related charge dismissed.

Impact to Yolo County DA: For the Proposition 47 Cohort 3 Project the DA's Office will assist with the ongoing community engagement, participate on the Local Advisory Committee (LAC), and will determine eligibility for each program participant. DA staff will collaborate with the project's team to carry out the restorative justice component of the program. DA staff will also provide criminal justice data to assist HHSA and the program evaluator in reporting on program outcomes. This increase in caseload is accounted for by the addition of a paralegal position in the proposed project.

HHSA & DA Collaboration: The DA participated in the Proposition 47 Cohort 1 LAC for Steps to Success and will serve on the new LAC for the Proposition 47 Cohort 3 Project. If other unforeseen impacts emerge during the project period, HHSA will work with the DA and the Proposition 47 Cohort 3 Project LAC to ameliorate negative repercussions. This may include reevaluating project processes and developing a corrective action plan to ensure the most successful outcomes.

Appendix C: Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft, and Embezzlement

Appendix C: Certification of Compliance with BSCC Policies Regarding Debarment, Fraud, Theft, and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

Appendix B: Grantee Assurance for Non-Governmental Organizations

(Page 1 of 2)

The Proposition 47 Request for Proposals (RFP) includes requirements that apply to non-governmental, community-based organizations providing services with grant funds¹. Grantees are responsible for ensuring that all contracted third parties continually meet these requirements as a condition of receiving any Proposition 47 funds. The RFP describes these requirements as follows:

Any non-governmental organization that receives Proposition 47 grant funds (as either a direct grantee, subgrantee, or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least three (3) years prior to the effective date of its fiscal agreement with the BSCC or with the Proposition 47 grantee;
 - Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the three (3) year date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the start date of the grantee subcontractor fiscal agreement;
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid Employer Identification Number (EIN) or Taxpayer ID (if sole proprietorship);
- Have a valid business license, if applicable;
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address within California. (An agent for service of process with a California address is insufficient.)

In addition to the administrative criteria listed above, any non-governmental, community-based organization that receives Proposition 47 grant funds must have a proven track record working with the target population and the capacity to support data collection and evaluation efforts.

In the table below, provide the name of the Lead Public Agency (the Grantee) and list all contracted parties (if known).

¹ Non-Governmental Organizations (NGOs) include community-based organizations, faith-based organizations, non-profit organizations/501(c)(3)s, for profit service providers, evaluators (except government institutions such as universities), grant management companies and any other non-governmental agency or individual.

NOTE: These criteria do not apply to government organizations (e.g., counties, cities, school districts, etc.).

Grantees shall retain (on-site) applicable source documentation for each contracted party that verifies compliance with the requirements listed in the RFP. These records will be subject to the records and retention language found in the Standard Agreement.

The BSCC will not reimburse for costs incurred by any third party that does not meet the requirements listed above and for which the BSCC does not have a signed grantee assurance on file.
