Re: Approve the Second Amendment to the Agreement with the Yolo Resource Conservation District

Date: March 18, 2024

REQUESTED ACTIONS:

1. Approve the Second Amendment to the Agreement with the Yolo Resource Conservation District

BACKGROUND:

The Yolo Habitat Conservancy entered into an Agreement with the Yolo Resource Conservation District (RCD) on May 17, 2021, for easement management, restoration, and monitoring services. On January 24, 2022, a First Amendment to the Agreement was executed to add additional funds and add an Attachment B to the referenced scope of services associated with the Agreement. Attachment B included a detailed scope and budget specifically to implement a single valley elderberry longhorn beetle (VELB) habitat restoration project on the Correll Site as a sub-task to Task 10 *Management and enhancement of the reserve system*. The planting for the specific project cost less than what was originally budgeted. Conservancy staff recommend removing the reference to Attachment B, such that the remaining funds added to the Yolo RCD Agreement can be utilized for additional VELB restoration projects and other activities covered by the Agreement's original scope of work.
