

## CALAFCO Legislative Summary

July 25, 2024, LAFCo Meeting

The CALAFCO Legislative Committee is currently tracking 10 pieces of proposed legislation. Two of these items are bills sponsored by CALAFCO:

- AB 3277 CALAFCO's omnibus bill was signed by the Governor on July 2, 2024
- SB 1209 regarding LAFCo indemnification was significantly watered down and does not offer as much legal protection. It passed the Assembly Local Government Committee and was read in Assembly a second time on June 24, 2024, and ordered to a Third Reading.

Additional bills of potential Yolo LAFCo interest include:

- AB 805 (Arambula D) This bill has been gutted and amended and no longer addresses consolidation of wastewater systems but, rather, would set up a program in which the state would provide technical, managerial, administrative, and financial assistance, where applicable, to disadvantaged communities. CALAFCO has taken a "watch" position. On June 5, 2024, the bill passed Senate Environmental Quality Committee and re-referred to Appropriations due to recent amendments on June 24, 2024. This bill may be potentially valuable for Yolo LAFCo if disadvantaged community wastewater systems fail to maintain adequate service.
- AB 2302 (Addis D) This bill would enact changes to Brown Act provisions that allow members of legislative bodies to teleconference for meetings. Currently, the law limits teleconferencing to no more than 3 consecutive months, 20% of the regular meetings in a calendar year, or 2 meetings for bodies that meet less than 10 times in a calendar year. This bill redefines those limits as 2 meetings per year for bodies meeting monthly or less; 5 meetings per year for those meeting twice per month; or 7 meetings per year if the body meetings three times or more per month. CALAFCO has taken a "watch" position. On July 3, 2024, it was scheduled for a Third Reading in Senate but not heard.
- SCR 163 (Cortese D) This would reaffirm the sole authority of LAFCos for changes of organization and extraterritorial services. Its not clear where this bill came from or why. On July 3, 2024, it failed in the Senate Local Government Committee, but reconsideration has been granted. CALAFCO has taken a "support" position. However apparently Senator Cortese will not be pursuing this again this legislative cycle.

Please see the attached CALAFCO List of Current Bills dated 7/16/2024. CALAFCO currently does not oppose any bills.

**Summary:** The State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality in accordance with the Porter-Cologne Water Quality Control Act and the federal Clean Water Act. Current law authorizes a regional board to order the provision of sewer service by a receiving sewer system, as defined, to a disadvantaged community served by an inadequate onsite sewage treatment system, as defined. This bill would authorize the state board, until January 1, 2029, and after it makes a specified finding or findings by resolution, to require a designated sewer system to contract with an administrator designated or approved by the state board for administrative, technical, operational, legal, or managerial services to assist a designated sewer system with the delivery of adequate sewer service, as defined.

**CALAFCO Comments:** 06/24/2024 Referred to Appropriations suspense file.

6/5/2024: Passed Senate Environmental Quality Committee and re-referred to Appropriations due to recent amendments.

5/15/2024: Amended. Now provides administrative, financial, and technical assistance to help address and correct sewer system failures or other regulatory non-compliance exhibited by existing infrastructure.

5/1/2024: Assigned to Senate Environmental Quality committee. No hearing date yet scheduled.

1/26/2024: Support, if amended, approved. Amendment requested is the inclusion of language requiring the state board to consult with the local LAFCO.

1/22/2024: Gutted and amended. No longer addresses consolidation of waste water systems but, rather, would set up a program in which the state would provide technical, managerial, administrative, and financial assistance, where applicable, to disadvantaged communities. Position changed to support if amended to include a provision requiring the state board to consult with the local LAFCO regarding the system.

As introduced, this bill would have authorized the state board, if sufficient funds are available, to order consolidation of sewer service along with an order of consolidation of drinking water systems when both of the receiving and subsumed water systems provide sewer service and after the state board engages in certain activities. It failed to meet 2023 deadlines and became a 2 year bill that cannot be acted upon until January, 2024.

**Summary:** The Ralph M. Brown Act, requires, with specified exceptions, each legislative body of a local agency to provide notice of the time and place for its regular meetings and an agenda containing a brief general description of each item of business to be transacted. Current law authorizes the legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency (emergency provisions) and, until January 1, 2026, in certain circumstances related to the particular member if at least a quorum of its members participate from

a singular physical location that is open to the public and situated within the agency’s jurisdiction and other requirements are met (nonemergency provisions). Current law imposes different requirements for notice, agenda, and public participation, as prescribed, when a legislative body is using alternate teleconferencing provisions. The nonemergency provisions impose restrictions on remote participation by a member of the legislative body and require the legislative body to provide specific means by which the public may remotely hear and visually observe the meeting. This bill, until January 1, 2026, would authorize a subsidiary body, as defined, to use similar alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. The bill would require at least one staff member of the local agency to be present at a designated primary physical meeting location during the meeting. The bill would require the local agency to post the agenda at the primary physical meeting location. The bill would require the members of the subsidiary body to visibly appear on camera during the open portion of a meeting that is publicly accessible via the internet or other online platform, as specified. The bill would also require the subsidiary body to list a member of the subsidiary body who participates in a teleconference meeting from a remote location in the minutes of the meeting. In order to use teleconferencing pursuant to this act, the bill would require the legislative body that established the subsidiary body by charter, ordinance, resolution, or other formal action to make specified findings by majority vote, before the subsidiary body uses teleconferencing for the first time and every 12 months thereafter.

**CALAFCO Comments:** 7/2/2024: Died on 7/2/2024 for failing to meet the July 1st deadline, which was the last day for policy committees to meet and report bills.

6/5/2024: Considered by Senate Local Government Committee and failed, with reconsideration granted.

1/25/2024: Moved out of the Assembly and was assigned to Senate Local Government Committee and the Senate Judiciary Committee.

1/17/2024: Amended to add a Sunset date of January 1, 2026.

3/16/2023: The bill was amended to speak specifically to teleconferenced meetings of subsidiary bodies, defined as a body that serves exclusively in an advisory capacity, and is not authorized to take final action on legislation, regulations, contracts, licenses, permits, or any other entitlements. For qualifying bodies, this bill would remove the requirement to post an agenda at the location of the subsidiary body member who was participating from off site- providing that the legislative body that formed the subsidiary body has previously made findings noting that teleconferenced meetings of the subsidiary body would enhance public access, and would promote the attractions, retention and diversity of the subsidiary body. The superior legislative body would need to revisit the matter and repeat those finding every 12 months thereafter. This bill also reaffirms that other provisions of the Brown Act are applicable to subsidiary bodies.

Failed to meet deadlines and now a 2 year bill that cannot be acted upon until January, 2024.

SENATE APPROPRIATIONS, CABALLERO, ANNA, Chair

**Summary:** The Sustainable Groundwater Management Act requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. Existing law defines various terms for purposes of the act. This bill would add various defined terms for purposes of the act, including the terms “managed wetland” and “small community water system.”

**CALAFCO Comments:** 7/01/24: Read second time and amended. Re-referred to Appropriations where it is scheduled for hearing on 8/5/2024.  
 6/25/24: Passed out of Senate Committee on Natural Resources and Water with amendments, and re-referred to Appropriations.  
 1/29/24: Passed Assembly Floor and moved to Senate to be scheduled for policy hearing.  
 1/18/24: Passed out of Assembly Appropriations Committee.  
 1/11/24: Amended to strike provisions regarding small community water systems serving disadvantaged communities and pivots to groundwater sustainability agencies. New provisions were added to the bill that would have the effect of carving out of the existing law, until January 1, 2028, small community water systems serving disadvantaged communities from permitted public water supply wells. After January 1, 2028, that provision sunsets and the law would revert back to its current state without the carve out.  
 1/9/24: Passed Assembly Water, Parks and Recreation Committee.  
 4/17/2023: Amended to define agencies and entities required or excluded from existing 10726.4 (a) (4). Amends Water Code section 10730.2 to add language regarding fees, and amends Water Code section 10733 to address groundwater sustainability plans.  
 Failed to make April policy committee deadline and now cannot be acted upon until January 2024.

As introduced, would add definitions for Managed Wetlands, and Small community water system to Water Code Section 10721.

**AB 2302 (Addis D) Open meetings: local agencies: teleconferences.**

**Current Text:** Introduced: 2/12/2024 [html](#) [pdf](#)

**Introduced:** 2/12/2024

**Status:** 6/6/2024-Read second time. Ordered to third reading.

**Summary:** The Ralph M. Brown Act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Current law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing in specified circumstances if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with prescribed requirements. Current law imposes prescribed restrictions on remote participation by a member under these alternative teleconferencing provisions, including establishing limits on the number of meetings a member may participate in solely by teleconference from a remote location, prohibiting such participation for a period of more than 3 consecutive months or 20% of the regular meetings for the local agency within a calendar year, or more than 2 meetings if the legislative body regularly meets fewer than 10 times per calendar year. This bill would revise those limits, instead prohibiting such participation for more than a specified number of meetings per year, based on how frequently the legislative body regularly meets.

**CALAFCO Comments:** 7/3/2024: Was scheduled for Third Reading in Senate but not heard. No new date yet scheduled.

6/5/2024: Passed Senate Local Government Committee, read second time on June 5, 2024. Third Reading scheduled for 06/10/2024 but pushed out to 6/25/2024, then pushed again to 7/3/2024.

5/9/2024: Passed Assembly Third Reading and moved to Senate.

4/10/24 passed Assembly Local Government Committee and sent to Assembly Floor.

Introduced on 2/12/2024, this bill would enact changes to Brown Act provisions that allow members of legislative bodies to teleconference for meetings. Currently, the law limits teleconferencing to no more than 3 consecutive months, 20% of the regular meetings in a calendar year, or 2 meetings for bodies that meet less than 10 times in a calendar year. This bill redefines those limits as 2 meetings per year for bodies meeting monthly or less; 5 meetings per year for those meeting twice per month; or 7 meetings per year if the body meetings three times or more per month.

**Summary:** Would authorize the Westlands Water District to provide, generate, and deliver solar photovoltaic or hydroelectric electricity and to construct, operate, and maintain works, facilities, improvements, and property necessary or convenient for generating and delivering that electricity. The bill would require the district to use the electricity for the district’s own purposes, and the bill would authorize the district to sell surplus electricity to a public or private entity engaged in the distribution or sale of electricity. The bill would also authorize the district to construct, operate, and maintain energy storage systems and electric transmission lines, and to construct, operate, and maintain works, facilities, improvements, and property necessary or convenient for the operation of the energy storage system and electric transmission lines, within the boundaries of the district, as specified. The bill would require the district to report the amount of income, and the purposes for expenditure of that income, from these electricity facilities in a specified report.

**Summary:** The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 provides the exclusive authority and procedure for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts, except as specified. The act continues in existence in each county a local agency formation commission (LAFCO) that consists of members appointed, as specified, and that oversees those changes of organization and reorganization. The act authorizes a LAFCO to, among other things, review and approve with or without amendment, wholly, partially, or conditionally, or disapprove proposals for changes of organization or reorganization, including incorporation of a city or formation of a district, as specified. Current law requires each county to have a board of supervisors and provides for the organization and powers of the board of supervisors. This bill would require the County of Los Angeles, no later than March 1, 2025, to submit to the Legislature a report that includes specified information, including, among other things, for East Los Angeles, the feasibility of forming a municipal advisory council, a local town council, or a coordinating council that could represent the comprehensive interests of the entire East Los Angeles community. If the county has produced a report that contains substantially similar information to the information required by the above-described provisions, this bill would authorize the county to submit that report in lieu of completing a separate report.

**Summary:** The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 establishes the sole and exclusive authority and procedures for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts. Current law requires proceedings for the formation of a district to be conducted as authorized by the principal act of the proposed district, and authorizes the local agency formation commission in each county to serve as the conducting authority, as specified. Current law requires a commission to determine the amount of property tax revenue to be exchanged by an affected local agency, as specified, if the proposal includes the formation of a district, as defined. This bill would, instead, require a commission to determine the amount of property tax revenue to be exchanged by an affected local agency if the proposal includes the formation of a district and the applicant is seeking a share of the 1% ad valorem property taxes.
