Proposers

CommuniCare advised on January 29, 2025 by email that: "Given the answers to our questions posed early this month, we unfortunately decided to pass on this opportunity. When we created a lean budget (almost unrealistically lean) it was still over the ceiling. We had to make the difficult decision to not apply because there just isn't enough funding in this grant/opportunity to meet the deliverables."

No proposals were received by the deadline of January 30, 2025 at 2pm PST.

Conclusion

As the procurement officer assigned to this procurement, I attest that this entire process complied with the RFP criteria and the applicable Yolo County procurement requirements.
