# Beyond the COVID-19 Pandemic

## Quote from COVID-19 After Action Report and Improvement Plan

“In the Healthcare industry, many of us were very stressed. The COVID vaccine brought ton challenges however the Yolo County teams that were assigned the task of organizing the delivery and the monitoring of the first COVID vaccines delivered to our clinic were the best! Explaining all the steps along the way, and they were very responsive to phone calls and emails. Shout out to them!”

Tobacco Prevention Update

# Importance of Prevention

We understand the local limitations regarding funding. But prevention is **crucial** in public health because it improves overall health, reduces the burden of disease, and lowers healthcare costs.

# Identified Priorities

Survey Conducted in  
2023-2025

1. Concern for HHSA Funding Gaps
2. Mental Health Services
3. Crisis Now
4. County Operations
5. Homelessness
6. Infectious Disease Strategies

# In Closing

1. Recommend expanding membership to add additional community organizations supporting health needs in the community.
2. Health Council is willing to serve in the role as an advisory body to the Board in providing recommendations and solutions to health related issues.
