Subject: Moratorium on New Wells | Yolo County Focus Areas

CAUTION: External Sender. Please do not click on links or open attachments from senders you do not trust.

Dear Yolo County Board of Supervisors,

I am writing in my independent capacity as a resident of Yolo County.

I strongly urge the Yolo County Board of Supervisors to extend the moratorium of drilling new wells in the Focus Areas of Yolo County for the next 10 months and 15 days. It is imperative that we collect enough data to sufficiently understand the hydrogeologic conditions of these sensitive areas before greenlighting more wells, and more time is needed to do that. Groundwater is a shared natural resource, and actions by any one user can affect the availability and quality of the resource for everyone who relies on it.

Thank you,

Loreal Monroe
District 5
