Yolo County Board of Supervisors,

I respectfully request that you **extend the moratorium on new agricultural water well permits** in the focus areas.

While I respect the right of landowners to do what they like with their property, a new water well can have serious impacts beyond their property lines, affecting the property and livelihoods of their neighbors. I applaud your August adoption of a 45-day moratorium on new ag well permits. I encourage you to **EXTEND** the moratorium so that existing farmers, including Good Humus Farms, can have time to better understand potential impacts of new wells to the aquifers.

V/R,
Nerissa Sintetos
Davis, CA
