Dear Yolo County Supervisors,

I am writing to express my strong support for all way stop signs at the intersection of County Road 99D and Barry Road. Please allow me to introduce myself: Tom Hughes, I helped with the petition; have 36 years of experience with medical trauma of all kinds, the last 15 years on faculty at UCDCMC. My wife and I have lived on Sharon Avenue for over 20 years, we use these roads at all hours and everyday.

We've had our share of near-misses, the common thread seems to be inattentiveness, recklessness and speeding and done our best to document these with the authorities over the years. Nonetheless the number and gravity of these encounters is increasing, in the context of growth and development to the south of us we feel it's time for more definitive traffic control.

We feel a yes vote on this project would be a big step forward for public safety.

Thank you for your consideration and the good work you all do!

Sincerely,

Tom Hughes MD and Martha Daschbach
