

## CALAFCO Legislative Summary

LAFCo Meeting February 27, 2025

The legislature reconvened on January 6 and the last day for new legislation to be introduced is February 21. The session gets busier in May with the revised State Budget and committee meetings.

As of February 20, 2025, CALAFCO is only tracking one bill removing the sunset date for teleconferencing procedures, thus extending them indefinitely (see attached log). But more bills will certainly be added this spring.

The CALAFCO Legislative Committee is meeting again and considering what it will include in its omnibus bill. Of note, Yolo LAFCo submitted a recommendation to add a code reference for protest hearing noticing requirements we discovered last year with the PIRMI and Sports Park Reorganization for the City of Woodland.

Please see the attached CALAFCO List of Current Bills dated 2/20/2025.

**Summary:** The Ralph M. Brown Act authorizes the legislative body of a local agency to use teleconferencing, as specified, and requires a legislative body of a local agency that elects to use teleconferencing to comply with specified requirements, including that the local agency post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with prescribed requirements. Current law requires a member to satisfy specified requirements to participate in a meeting remotely pursuant to these alternative teleconferencing provisions, including that specified circumstances apply. Current law establishes limits on the number of meetings a member may participate in solely by teleconference from a remote location pursuant to these alternative teleconferencing provisions, including prohibiting such participation for more than 2 meetings per year if the legislative body regularly meets once per month or less. This bill would remove the January 1, 2026, date from those provisions, thereby extending the alternative teleconferencing procedures indefinitely.

**CALAFCO Comments:** Current law establishes limits on the number of meetings a member may participate in solely by teleconference from a remote location pursuant to these alternative teleconferencing provisions, including prohibiting such participation for more than 2 meetings per year if the legislative body regularly meets once per month or less. As introduced, this bill would rescind Government Code Section Section 54953, which speaks to teleconferencing requirements. It would also strike references to effective dates of January 1, 2026 on other sections.
