Yolo County Community Services

Name

292 West Beamer Street

Address

Woodland, CA 95695

City, State, Zip

Attention: Jeff Anderson, Principal Planner

Notice of Exemption

To: Yolo County Clerk
625 Court Street
Woodland, CA 95695

To: Office of Land Use and Climate Innovation
1400 Tenth Street, Room 121
Sacramento, CA 95814

Project Title: **2026 Pavement Preservation Project**

Applicant/Owner: Yolo County
Community Services Department, Public Works Division
292 West Beamer Street
Woodland, CA 95695
(530) 666-8775

Project Location: The project affects approximately 26.25 miles of County roadway in the unincorporated area, including in the following segments:

- 20.73 miles in the Dunnigan area including:
 - 0.97 miles on Main, Hays, Wheeler, Second, First, and Railroad Streets within the town of Dunnigan
 - 0.25 miles on County Road (CR) 89A from Main St to CR 5
 - 0.81 miles on CR 88A from CR 5 to the north end
 - 0.70 miles on CR 88B from CR 5 to the north end
 - 0.60 miles on CR 88C from CR 5 to CR 88B
 - 0.46 miles on CR 88C from CR 4 to CR 99W
 - 0.44 miles on CR 5 from CR 88A to the east end
 - 1.02 miles on CR 5 from CR 89 to the east end
 - 2.12 miles on CR 88 from CR 6 to CR 2
 - 0.29 miles on CR 88 from south end to CR 99W
 - 0.66 miles on CR 88 from CR 99W to CR 1
 - 2.07 miles on CR 6 from CR 86 to CR 88
 - 0.94 miles on CR 6 from I-5 to CR 89B
 - 0.84 miles on CR 89B from CR 6 to CR 99W
 - 0.33 miles on CR 4 from CR 99W to CR 89
 - 1.79 miles on CR 86 from CR 6 to CR 2
 - 4.96 miles on CR 2 from CR 83 to CR 99W
 - 1.48 miles on CR 1 from the west end to CR 84
- 1.25 miles on CR 18C from the abandoned CR 100B to CR 102
- 0.73 miles on CR 101 from City of Woodland limit and Churchill Downs Ave to CR 18C
- 2.53 miles on CR 102 from City of Woodland limit to CR 17
- 1.01 miles on CR 28H from CR 102 to the east, pending contractor bid pricing and project budget availability

Project Description: The project involves road resurfacing of approximately 26 miles of Yolo County roadway, including streets in Dunnigan, collectors nearby the City of Woodland, and a collector serving the Yolo County Central Landfill. The roadways and streets will be treated by applying an asphalt rubber cape seal or triple seal treatment on the existing road surfaces. Some roads needing more extensive maintenance will require pulverization or milling removal of existing asphalt surfaces, and an asphalt leveling course. Asphalt rubber cape seal treatment begins with surface preparation, followed by an asphalt rubber chip seal on the existing pavement surface and finished with a microsurfacing type II surface seal on top. Triple seal treatment also begins with surface preparation and a microsurface treatment on the existing pavement surface, followed by an asphalt rubber chip seal and slurry or microsurface to complete the treatment.

All construction will occur within the existing road prisms and within the existing right-of-way. No widening, right of way acquisition or increase in road capacity will occur. No trees will be removed as part of this project. The project will include a Storm Water Pollution Prevention Plan (SWPPP) and sediment control measures to address possible debris from construction operations.

Exempt Status: **Categorical Exemption;** State section number and type: **Section 15301, Existing Facilities, Class 1**

Reasons why project is exempt: Section 15301(c) allows a “Class 1” Categorical Exemption for the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. A Class 1 exemption includes “Existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities (this includes road grading for the purpose of public safety).” The project is for resurfacing of roadway on various Yolo County roads, including streets in the town Dunnigan, and in the immediate vicinity of the City of Woodland and the Yolo County Central Landfill that are currently paved and involve no increase in capacity of any existing roadway.
