No new tax solutions are provided to address cuts.</i>

## 2026 Legislative Cycle Bill Position Summary

### County Administrator's Office Board Update

<b>03/12/26</b>	AB 1941- Strengthening prevention against metal theft contributing to critical communications infrastructure.	State	Support	This measure provides strengthened enforcement tools by establishing the category of organized metal theft and supporting better information-sharing among law enforcement, public agencies, telecommunications providers, and recyclers through a statewide data system.	Operational Excellence	<i>Re-referred to Assembly Appropriations Committee, 04/06.</i>
<b>03/12/26</b>	AB 1607- Maddy's Fund, removing sunset.	State	Support	<p>This measure seeks to remove the sunset date on the Maddy Fund, ensuring access to critical, life-saving emergency health care for uninsured people.</p> <p>Removing the sunset (that has already been extended numerous times) would provide medical infrastructure assurances for ongoing financial assistance for our essential health care providers.</p>	Thriving Residents	<i>Re-referred to Assembly Public Safety Committee, 04/06.</i>
<b>03/12/26</b>	AB 1549- Domestic Violence Program, Extending Batterer's Intervention pilot program until July 1, 2030.	State	Support	This measure seeks to extend the sunset date for the AB 372 pilot program that has allowed six counties (including Yolo County) to run overhauled Batterer's Intervention Programs (BIPs) to study and identify best practices to prevent future domestic violence abuse from anyone granted probation for a domestic violence conviction.	Thriving Residents	<i>In Senate. Read first time. To Senate Rules Committee, 03/17.</i>

**2026 Legislative Cycle Bill Position Summary**

**County Administrator’s Office Board Update**

03/23/26	AB 2216- Delta Conservancy Expansion	State	Support	This measure would expand and update the Sacramento-San Joaquin Delta Conservancy (Delta Conservancy) to cover the remaining portions of Sacramento, Solano, San Joaquin, and Yolo Counties by creating a Valley Program and better serve its current jurisdiction in the legal Delta and Suisun Marsh	Collaborative Community  Sustainable Environment  Flourishing Agriculture	<i>Hearing 04/13, 2:30pm in State Capitol, Rm 437.</i>  <i>Pending Assembly Natural Resources Committee.</i>
03/23/26	SB 1159- People not Bots	State	Support	This measure would protect CA public agencies from being overwhelmed by swarming Artificial Intelligence (AI) systems and clarifies terms like “person”, “interested person”, “participant”, and “member of the public”, to refer to natural persons not to AI systems capable of autonomously producing infinite requests, comments, or petitions.	Thriving Residents  Operational Excellence	<i>To Senate Privacy, Digital Technologies, and Consumer Protection Committee, 03/27.</i>
03/31/26	AB 2508- Eliminating state funding stream for Public Purpose Programs including energy efficiency and research and development programs.	State	Oppose (Sign-on)	This measure would eliminate the current funding stream for the state’s Public Purpose Programs, including energy efficiency (EE) and research and development programs, and instead force them to compete for more volatile and scarce Greenhouse Gas Reduction Funds (GGRF). Injecting this level of uncertainty into the state’s EE programs will compound the current affordability crisis by eliminating the benefits of EE to both individual ratepayers and the energy system as a whole.	Sustainable Environment	<i>Hearing 04/08, 1:30pm, in State Capitol, Rm 437.</i>  <i>Re-referred to Assembly Utilities and Energy Committee.</i>
