## FIRE DISTRICT SUSTAINABILITY ONE-TIME FUNDING FY 2025 - 2026 APPLICATION

### Eligibility:

Fire Protection Districts that are unsuccessful in their attempt at a new Proposition 218 election after July 1, 2023, are eligible to request a one-time grant of County Fire Sustainability Funds up to the maximum amount only after the Proposition 218 failure has occurred.

### Use of Funding:

One-time grant funds are intended to support Fire District sustainability and to assist Districts in providing the necessary staffing, equipment, and resources to ensure the safety of their communities.

Districts are strongly encouraged to use grant funding to support Proposition 218 process, such as enhanced public outreach and education. Grant requests may be made for two years unless a subsequent Proposition 218 election is held, at which point funding eligibility under this section will be reset.
