ERIC MAY
COMMISSION COUNSEL

Meetings of the Yolo Local Agency Formation Commission (LAFCo) are held in person in the Board of Supervisors chambers, located at 625 Court Street, Suite 206, Woodland, CA. LAFCo will, to the best of its ability, provide hybrid and remote options for LAFCo meeting participants and to the public; however, LAFCo cannot guarantee these options will be available due to technical limitations outside our control. For assurance of public comment, LAFCo encourages in-person and written public comments to be submitted. The Zoom link / phone number and instructions for participating in the meeting through Zoom are set forth in the "Public Participation Instructions" on the final page of this agenda.

NOTICE:

This agenda was posted at least twenty-four (24) hours prior to the Special Meeting in a location freely accessible to the public, in accordance with the Brown Act (Gov. Code § 54956). The public may subscribe to receive emailed agendas, notices and other updates by contacting staff at lafco@yolocounty.org.

All persons are invited to testify and submit written comments to the Commission. If you challenge a LAFCo action in court, you may be limited to issues raised at the public hearing or submitted as written comments prior to the close of the public hearing. If you wish to submit written material at the hearing, please supply 8 copies.

FPPC - Notice to All Parties and Participants in LAFCo Proceedings

All parties and participants on a matter to be heard by the Commission that have made campaign contributions totaling more than \$500 to any Commissioner in the past 12 months must disclose this fact, either orally or in writing, for the official record as required by Government Code Section 84308.

Contributions and expenditures for political purposes related to any proposal or proceedings before LAFCo are subject to the reporting requirements of the Political Reform Act and the regulations of the Fair Political Practices Commission, and must be disclosed to the Commission prior to the hearing on the matter.

ATTEST:

Desirae Leverett, Clerk
Yolo LAFCO

A.D.A. NOTICE

If requested, this agenda can be made available in appropriate alternative formats to persons with a disability, as required by Section 202 of the Americans with Disabilities Act of 1990 and the Federal Rules and Regulations adopted in implementation thereof. Persons seeking an alternative format should contact the Commission Clerk for further information. In addition, a person with a disability who requires a modification or accommodation, including auxiliary aids or services, in order to participate in a public meeting should contact the Commission Clerk as soon as possible and at least 24 hours prior to the meeting. The Commission Clerk may be reached at 530-666-8048 or at the following address: Yolo LAFCo, 625 Court Street, Suite 107, Woodland, CA 95695.

PUBLIC PARTICIPATION INSTRUCTIONS:

Meetings of the Yolo Local Agency Formation Commission (LAFCo) are held in person in the Board of Supervisors chambers, located at 625 Court Street, Room 206, Woodland, CA. If you cannot attend the LAFCo meeting in person but desire to follow the meeting remotely, make a public comment, or comment on a specific item on the agenda, you may do so by:

- Joining through Zoom on your computer at <https://yolocounty.zoom.us/j/83450622345>, or participate by phone by calling 1-408-638-0968, Webinar ID: 834 5062 2345. Please note there is no participant code, you will just hit # again after the recording prompts you.
- If you are joining the meeting via Zoom and wish to make a comment on an item, press the "raise a hand" button. If you are joining the meeting by phone, press *9 to indicate a desire to make comment. The moderator will call you by name or phone number when it is your turn to comment. Press *6 to unmute. The Commission reserves the right to impose a reasonable limit on time afforded to any topic or to any individual speaker.
- If you wish to submit a written comment on a specific agenda item, please email the Commission Clerk at lafco@yolocounty.org or send to 625 Court Street, Suite 107, Woodland, CA 95695. Please include meeting date and item number. Please submit your comment by 2:00 p.m. the day prior to the meeting, if possible, to provide the Commission a reasonable opportunity to review your comment in advance of the meeting. All written comments are distributed to the Commission, filed into the record, but will not be read aloud.

Please note that LAFCo cannot guarantee that hybrid and remote options will be available due to technical limitations outside our control. For assurance of public comment, LAFCo encourages in-person or written public comments to be submitted.

Consent 4.

Information

SUBJECT

Review and File Fiscal Year 2025/26 First Quarter Financial Update

RECOMMENDED ACTION

Review and File Fiscal Year 2025/26 First Quarter Financial Update

REASONS FOR RECOMMENDED ACTION

The intent of the quarterly financial report is to provide the Commission with an update on LAFCo's financial performance during the prior quarter as compared to the adopted budget and to discuss any issues as appropriate. This practice was recommended during a previous audit as an additional safeguard to ensure sound financial management, given the small size of the LAFCo staff. In accordance with LAFCo Administrative Policies and Procedures, the Commission adopts the final budget and is authorized to make adjustments as appropriate.

BACKGROUND

The LAFCo FY 2025/26 budget was adopted on May 22, 2025. As of the end of the first quarter, LAFCo is on track with respect to both revenues and expenditures.

REVENUE

At the end of the first quarter of FY 2025/26, LAFCo has identified \$689,741, representing approximately 99.8% of its total expected venue of \$691,291. The remaining portion of the budget is funded through the use of fund balance, totaling \$136,056, as adopted in the FY 2025/26 budget. LAFCo's primary revenue source continues to be local government agency payments, which have been received largely as anticipated early in the fiscal year. Additional revenue received during the first quarter that was not originally budgeted includes \$1,450 in LAFCo fees related to service charges. Investment earnings have not yet been received and are expected to accrue later in the fiscal year.

EXPENDITURES

At the end of the first quarter of FY2025/26, LAFCo total expenditures were \$132,623, representing approximately 19.2% of the adopted annual budget of \$691,291. Salaries and benefits expenditures totaled \$108,597, which is lower than anticipated largely due to reduced benefits costs. Staff has a question pending with the Department of Financial Services regarding an accrued payroll entry, which can be corrected at a future meeting if needed.

Services and supplies expenditures totaled \$24,025, or approximately 20.0% of the annual services and supplies budget. Many services and supplies costs, including professional services, publications, training, and information technology expenses, are anticipated to occur later in the fiscal year.

BUDGET REPORTS

The Budget Status Summary (Attachment A) provides a high-level overview of budgeted and year-to-date revenues and expenditures. The General Ledger Report (Attachment B) provides a detailed listing of all transactions recorded to date, including both revenues and expenditures.

Information

SUBJECT

Review and File Fiscal Year 2025/26 Second Quarter Financial Update

RECOMMENDED ACTION

Review and File Fiscal Year 2025/26 Second Quarter Financial Update

REASONS FOR RECOMMENDED ACTION

The intent of the quarterly financial report is to provide the Commission with an update on LAFCo's financial performance during the prior quarter as compared to the adopted budget and to discuss any issues as appropriate. This practice was recommended during a previous audit as an additional safeguard to ensure sound financial management, given the small size of the LAFCo staff. In accordance with LAFCo Administrative Policies and Procedures, the Commission adopts the final budget and is authorized to make adjustments as appropriate.

BACKGROUND

The LAFCo FY 2025/26 budget was adopted on May 22, 2025. As of the end of the second quarter, LAFCo remains on track with respect to both revenues and expenditures.

REVENUES

LAFCo has received 100% of its budgeted revenue. Quarter two showed an additional \$1,031 was received for contracted services for Yolo County Department of Community Services.

EXPENDITURES

Halfway through the fiscal year, LAFCo's expenditures totaled \$271,539 (39.28%) of the budgeted \$691,291. For Salaries and Benefits, the workers' comp insurance is slightly over budget due to a rate increase. Otherwise, everything is on budget (43.56%). Services and Supplies expenditures totaled \$35,846 or 29.8% of the budgeted \$120,194. A computer purchase coded 510190 was slightly higher than budgeted, but all other expenditures are at expected levels. The majority of expenditures for some professional services and publishing notices are anticipated to occur later in the fiscal year.

BUDGET REPORTS

The Budget Status Summary (Attachment A) is an easy-to-read summary of the budget. The General Ledger Report (Attachment B) shows a running balance of all transactions, including both revenue and expenditure amounts.

Information

SUBJECT

Review and file the Yolo Local Government 2025 Website Transparency Scorecard Results

RECOMMENDED ACTION

Review and file the 2025 Website Transparency Scorecard.

REASONS FOR RECOMMENDED ACTION

In the fall of 2017, the cities and County requested that LAFCo begin preparing website transparency scorecards on an annual basis to promote a shared vision of open government and transparency among local government agencies countywide, including cities, the County, special districts, and joint powers authorities. This effort is intended to foster public trust, accountability, and improved access to information.

BACKGROUND

The checklist criteria are intended to establish a generally accepted minimum standard for transparency and are not intended to function as a "best website" contest. We acknowledge that some larger and more resourced agencies go far above and beyond these criteria, providing higher levels of public service and communication. The goal for smaller agencies is not necessarily to achieve a high score at the outset, but rather to establish a baseline and encourage improvement from year to year.

Scorecard Results

Website transparency remained relatively consistent across most agency categories from 2023 through 2025. In general, an agency's website transparency appears to correlate with its operational capacity and available resources.

Pursuant to Senate Bill 929 (McGuire, Stats. 2018, ch. 206; Gov. Code § 53095.5), independent special districts are required to maintain a website or adopt an annual hardship resolution. Based on the 2025 scorecard results, five (5) independent districts are not in compliance with this requirement:

- Two cemetery districts (Capay and Knights Landing)
- One fire protection district (Elkhorn)
- Two reclamation districts (Reclamation Districts 307 and 730)

Cottonwood Cemetery District does not maintain a website but has adopted a hardship resolution and is therefore compliant for the current year.

City and County website content remains strong overall, with average transparency scores in the low-to-mid-90 percent range.

Special district transparency varies by district type and administrative capacity. Cemetery district scores remain low overall (approximately 40 percent), driven primarily by the two districts that lack websites. Community Services District scores remain stable in the mid-50 percent range, while County Service Areas continue to perform well, averaging approximately 89 percent.

Fire Protection District transparency improved notably over the three-year period, while water districts and reclamation districts show gradual improvement but continue to lag behind other district types. Reclamation District 765 established a limited web presence in 2025 and is no longer counted among districts lacking a website, though its transparency score remains low at 9 percent.

Joint Powers Authority website transparency remained relatively consistent, averaging approximately 55 percent over the three-year period. While several JPAs do not maintain a website, there is no statutory requirement for JPAs to do so.

OVERVIEW

Yolo County residents are likely unaware of all the various local agencies that serve them. The most common method for the public to obtain this information today is the internet. Residents should be able to easily find the description of services provided, the names and contact information of board members and management, the budget, agendas and minutes of meetings, and other information. An effective website presence can also benefit the agency by making resources available online and save staff time.

In the fall of 2017, the cities and County requested LAFCo to begin preparing web transparency scorecards on an annual basis promoting a vision for open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability.

The checklist criteria are intended to establish a generally accepted minimum standard for transparency, i.e., it is not intended to be a “best website” contest. We acknowledge some of our larger agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

WEBSITE CONTENT CHECKLIST

The scorecard is based on the following criteria to be included on each agency’s website or webpage. These criteria were borrowed from the 2015-16 Marin Web Transparency Report Card prepared by the Marin County Grand Jury, which consolidated several well-respected organizations’ checklists¹. LAFCo has adapted the checklist over the years to better suit Yolo’s local agencies.

Below is the current checklist used for this report.

1. Overview
 - a. Description of services/functions: What actions does the agency undertake and what services does the agency provide?
 - b. Boundary of service area: What specific area does the agency serve? (May not be applicable to all JPAs. If not, who (generally) or what agencies does the JPA serve?)
2. Budget
 - a. Budget for current fiscal year and three years prior to the current year.
 - b. Financial reserves policy: What is the agency's policy for designated reserves and reserve funds? (The policy should be in either the agency policy manual or found in the budget or audit reports).
3. Meetings
 - a. Board meeting schedule: When and where specifically does the agency meet?
 - b. Archive of Board meeting agendas & minutes for at least the last 6 months: Both approved minutes and past agendas
4. Elected & Appointed Officials
 - a. Board members (names, contact info, terms of office (terms do not apply to JPAs), compensation, and biography): Who specifically represents the public on the Board? How can the public contact them? When were they elected (or appointed)? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)?
 - b. Election procedure and deadlines: If the public wishes to apply to be on the Board, how and when can they do so? (Does not apply to JPAs)
 - c. Reimbursement and compensation policy: Which (if any) expenses incurred by the Board are reimbursed? Do the Board members receive compensation?

¹ *Sunshine Review (now Ballotpedia), Illinois Policy 10-Point Transparency Checklist, Institute for Local Government, and the Special District Leadership Foundation.*

5. Administrative Officials
 - a. General manager and key staff (names, contact info, compensation, and benefits): Who specifically runs the agency on a day-to-day basis? How can the public contact them? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What specific benefits are they eligible for (healthcare, retirement plan, educational benefits, etc.)?
6. Audits
 - a. Current financial audit
 - b. Financial audits for the three years prior to the current year².
7. Contracts
 - a. Current request for proposal and bidding opportunities
 - b. Instructions on how to submit a bid or proposal
8. Public Records
 - a. What is the best way for the public to request public records?
9. Revenue Sources
 - a. Summary of fees received: fees for services, if any.
 - b. Summary of revenue sources: bonds, taxes, loans and/or grants. The public should be able to understand how the agency is funded, generally speaking.
10. Agency Specific Criteria
 - a. Municipalities: Downloadable permit applications and zoning ordinances
 - b. Special Districts: Authorizing statute/enabling act (Principal Act or Special Act), board member ethics training certificates, link to the LAFCo website and any state agency providing oversight
 - c. Joint Powers Authorities: A copy of the joint powers agreement as filed and adopted (with any updates)

REVIEW AND SCORING PROCESS

For ease and transparency of use, information for each agency should be found within a few “clicks”. Information that is buried in an agency’s board minutes or on other websites not available in a click from the agency’s website is not in the spirit of transparency. Long and complex PDF (Portable Document Format) documents, such as a budget or an audit report, must be text-searchable, and not simply a picture of a page of text, to easily find specific details.

The scoring rubric was determined based on the number of points on the checklist for which the criteria were completely met. If an agency partially met the criteria, partial points were awarded, and the checklist was denoted with an “incomplete”. LAFCo remains open to public and agency feedback about what items are working well, and which are not.

LAFCo provided initial outreach information multiple times when the program started up in 2018 to make agencies aware of the new scorecard, the checklist and process to expect. Website demonstrations were held for special districts in person and via webinar (which was recorded and can still be viewed). Now that the program is up and running on a regular schedule, LAFCo sends all the agencies a courtesy letter each summer reminding agencies of scoring to occur in the fall and the website transparency scorecard after its finalized, typically in January.

² Audits are due to the State Controller’s Office following close of fiscal year as follows: for cities/county by the following March 31; special districts by the following June 30 unless a 2, 3 or 5-year interval has been approved by the County Auditor; and JPAs by the following June 30.

LOCAL AGENCIES AND TRANSPARENCY SCORES

There are 5 cities/county, 47 special districts (28 independent and 19 dependent districts), 18 local joint powers authorities, and LAFCo for a total of 70 local agencies included in this scorecard as listed below. Dependent districts may have a local advisory body (or in the case of many fire protection districts, Board of Supervisors authority delegated to a local fire commission) but ultimately answer to a city or county. Independent districts have locally elected or appointed boards for independent decision making.

Every independent special district in California is required to either maintain a website by January 1, 2020, or adopt a hardship resolution annually. Senate Bill 929 added Government Code sections 6270.6 and 53087.8. There is no legal requirement for dependent special districts and JPAs to maintain a website³.

SCORECARD RESULTS

The checklist criteria are intended to establish a generally accepted minimum standard for transparency. We acknowledge some of our larger agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

CITIES/COUNTY

City and county websites continue to demonstrate a high level of transparency overall. Average scores declined slightly from 92% in 2023 to 89% in 2024, followed by an improvement to 92% in 2025, indicating that most agencies have maintained strong compliance with transparency requirements over time.

SPECIAL DISTRICTS

Website transparency among special districts continues to vary by district type, though several categories show gradual improvement. As of 2025, 24 of 28 independent special districts (86%) have a website, reflecting a modest improvement from prior years.

Cemetery districts remain the lowest-performing category overall, averaging 39% in 2023, 41% in 2024, and 41% in 2025. While Davis Cemetery District and Winters Cemetery District score very high individually, several cemetery districts continue to score 0%, which keeps the category average low.

Community services districts (CSDs) have remained relatively stable, with average scores of 58% in 2023, 55% in 2024, and 58% in 2025. Esparto CSD consistently scores very high, while the remaining districts fall within the mid-range.

County service areas (CSAs) continue to perform well overall, with average scores of 93% in 2023 and 89% in both 2024 and 2025, reflecting generally strong transparency across this category.

Fire protection districts (FPDs) show the most notable improvement over the three-year period, increasing from 53% in 2023, to 56% in 2024, and 67% in 2025. This improvement is likely influenced in part by recent municipal service reviews (MSRs) and increased attention to website compliance.

The Sacramento-Yolo ort District has remained relatively consistent, with scores of 83% in 2023, 78% in 2024, and 84% in 2025.

The Yolo County Resource Conservation District (RCD) improved from 71% in 2023 to 83% in 2024, remaining at 83% in 2025.

Water districts showed moderate performance overall, with scores of 64% in 2023, 60% in 2024, and 67% in 2025.

Reclamation districts (RDs) continue to lag behind other categories but show gradual improvement, increasing from 36% in 2023, to 44% in 2024, and 51% in 2025. Its notable that RD 765 created a new website in 2025 following recent MSR recommendations.

Special districts can be divided generally into two different categories: dependent and independent. Dependent districts are formed and may have a local advisory body but ultimately answer to a city or county. Examples include the CSAs and some FPDs which can be formed either way. Independent districts have locally elected or appointed boards and make independent decisions (i.e., not subject to a city or county). Examples include CSDs, cemetery districts, reclamation districts, and water districts, among others. One reason why this is an important distinction is that legislation was passed in 2018 (SB 929 McGuire) which requires independent special districts to have a website by January 1, 2020, or adopt a hardship resolution annually⁴. There are six (6) independent districts which are currently not in compliance with this law including 3 cemetery districts, 1 fire protection district, and 2 reclamation districts.

⁴ Senate Bill 929 added Government Code sections 6270.6 and 53087.8

JOINT POWERS AGENCIES/AUTHORITIES (JPAs)

JPAs can take many varied forms. For the purposes of the Website Transparency Scorecard, LAFCo focused on the JPAs that operate locally as opposed to multi-county or statewide JPAs. Some of these local JPAs have an office with dedicated staff and others operate more as a “paper” JPA. As one might expect, the JPAs with dedicated staff and resources generally tend to have a website with more content while “paper” JPAs do not. Like the dependent districts, member agencies should work with “paper” JPAs to have a page on the agency website, such as the financing authorities. The joint powers agencies/authorities’ scorecards remained relatively consistent as compared to last year with an average score of 56%.

WEBSITE RESOURCES

Streamline web <https://www.getstreamline.com/> offers a powerful, flexible content management system designed specifically for smaller local governments (used by Yolo LAFCo and several other districts and JPAs in the county) on a monthly fee, sliding scale based on agency budget.

The Special District Leadership Foundation (SDLF), a foundation arm of the California Special District Association (CSDA), provides scholarship funds for special districts to create their own website to comply with new requirements. Funding is available to districts either without a compliant website or no website at all. Applications are evaluated on the 15th of each month until the funds are gone for the year. Follow this link to download the simple, one-page application: <https://www.sdlf.org/scholarships/sdlf-scholarships>.

Yolo Local Government

Transparency and Accountability Program

VISION

Our vision is to promote open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability. We will achieve this by:

- Requesting that LAFCo add selected types of joint powers authorities/agencies to its municipal service review process already conducted with the cities and special districts.
- Supporting LAFCo to develop a scorecard measuring local agency website transparency, performed on a regular basis.
- Agreement to a common checklist of information used to measure the level of transparency in local agency websites.
- Ensuring that city/county websites are a model for other local government agencies to follow.
- Encouraging local special districts and JPAs to create a web presence if they do not already have one.

GOALS

The agencies seek to improve:

- Transparency and accountability.
- Oversight.
- Service delivery and efficiency.
- Coordination among agencies.
- Public understanding of local government.
- Good governance by creating a standard of basic elements for a well-run governmental organization (annual budget, CIP, audits, etc.).

VALUES

TRUST AND INTEGRITY which the agencies will demonstrate by following through on their commitments, duties, and responsibilities.

OPEN, HONEST, AND CLEAR COMMUNICATION within each organization, between agencies and with the public.

FISCAL ACCOUNTABILITY as demonstrated by making budgets, financial practices, compensation, and audits available to the public.

PROMOTING AWARENESS of local government by promoting a website presence that describes the agency's reason for existing, a description of services it provides, and the area it provides services to.

ENCOURAGING UNDERSTANDING of where tax dollars go and how to easily contact board members and agency management.

CIVIC RESPONSIBILITY through access to board meeting schedules, agendas and minutes so the public can more easily attend board meetings and become involved.

TRANSPARENCY to respond to the growing movement to make governmental information available and searchable online.

REPRESENTATION to inform the public regarding board members (names, contact information and terms of office) and their election/appointment process.

JPA/SHARED PROGRAMS FINANCIAL BEST PRACTICES

City/County managers will determine assignments to each JPA/Shared Programs for liaison/oversight purposes. Shared programs include programs that are funded via city/county cost sharing, e.g. Yolo County Animal Services, Office of Emergency Services, West Valley Fire Training Consortium, etc.

Budget integration between JPAs/Shared programs and "member" agencies that fund them will be improved by implementation of the following process performed annually:

- City/County managers will prepare a consolidated summary-level budget preparation memo for the JPAs and other shared programs that require city/County funding. The memo should convey the budget stance for the upcoming fiscal year, plus a longer range outlook. The intent is to create JPA alignment with the cities/County budget stance and mirror agency cycles of budget reductions or growth.
- City/County managers may schedule budget workshops with the JPAs and shared programs each year around the March timeframe or as appropriate.
- JPAs and other shared programs are requested to provide draft budgets for funding agencies' executive manager review by May and final adopted budgets no later than June 15th of each year for integration into each funding agency's budget.

Formation of any new JPAs or shared programs should only be considered when the following criteria are met.¹ The proposed JPA/shared program:

- Will demonstrate cost reduction.
- Is more efficient.

¹ Governments Working Together, A Citizen's Guide to Joint Powers Agreements, California State Legislature, Senate Local Government Committee, August 2007

- Will reduce or eliminate overlapping services.
- Will result in the sharing of resources.

JPA agreements should include common policies supporting JPA funds to be held in the County Treasury (as appropriate), open government, and transparency.

PROGRAM IMPLEMENTATION – MUNICIPAL SERVICE REVIEWS OF SELECTED TYPES OF JPAs

The Cities/County request that LAFCo conduct Municipal Service Reviews every five years of selected types of JPAs whose service area is mostly within the county and includes: (1) JPAs that provide municipal services; (2) JPAs that employ staff; and/or (3) JPAs with boards comprised of agency staff. New JPAs may be created in the future and added to this list, but currently those JPAs include:

1. Valley Clean Energy Alliance
2. West Sacramento Area Flood Control Agency
3. Woodland-Davis Clean Water Agency
4. Yolo County Public Agency Risk Management Insurance Authority
5. Yolo Emergency Communications Agency
6. Yolo Habitat Conservancy
7. Yolo Subbasin Groundwater Agency

LAFCo steps to complete Municipal Service Reviews on a five-year cycle of these JPAs include:

- Compiling publicly and readily available information.
- Requesting any additional information from the JPA, minimizing JPA staff time.
- Developing JPA recommendations regarding each of the seven standard MSR determinations.
- Completing an administrative draft report for preview by JPA management.
- Responding to any comments and preparing a draft report available for public review.
- Publishing a hearing notice for public review and comment of the draft MSR.
- Adopting the MSR at a public hearing, finalizing the report, and posting it online.
- Sharing MSR findings with city/county managers, including any cumulative recommendations on ways to streamline and improve efficiencies with the governance structures countywide.

PROGRAM IMPLEMENTATION - WEBSITE TRANSPARENCY SCORECARD

A website transparency scorecard will be prepared by LAFCo on a regular basis involving the following steps:

- Creating list of cities, County, JPAs and special districts
- Encouraging local JPAs and special districts to establish websites and assist them, if desired
- LAFCo conducts preliminary review of agency websites
- LAFCo shares preliminary results with each agency to provide an opportunity for improvement
- LAFCo conducts follow up review
- The agency scorecard is finalized, adopted by the LAFCo Commission, shared with local agencies, and posted online

AGENCY WEB TRANSPARENCY CHECKLIST

The scorecard will be based on the following criteria:

1. Overview
 - a. Description of services/functions: What actions does the agency undertake and what services does the agency provide?
 - b. Boundary of service area: What specific area does the agency serve? *(May not be applicable to all JPAs. If not, who (generally) or what agencies does the JPA serve?)*
2. Budget
 - a. Budget for current fiscal year and three years prior to the current year.
 - b. Financial reserves policy: What is the agency's policy for designated reserves and reserve funds? (The policy should be in either the agency policy manual or found in the budget or audit reports).
3. Meetings
 - a. Board meeting schedule: When and where specifically does the agency meet?
 - b. Archive of Board meeting agendas & minutes for at least the last 6 months: Both approved minutes and past agendas
4. Elected & Appointed Officials
 - a. Board members (names, contact info, terms of office *(does not apply to JPAs)*, compensation, and biography): Who specifically represents the public on the Board? How can the public contact them? When were they elected (or appointed)? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What background about the members illustrates their expertise for serving on the Board?
 - b. Election procedure and deadlines: If the public wishes to apply to be on the Board, how and when can they do so? *(Does not apply to JPAs)*
 - c. Reimbursement and compensation policy: Which (if any) expenses incurred by the Board are reimbursed? Do the Board members receive compensation?

5. Administrative Officials
 - a. General manager and key staff (names, contact info, compensation, and benefits): Who specifically runs the agency on a day-to-day basis? How can the public contact them? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What specific benefits are they eligible for (healthcare, retirement plan, educational benefits, etc.)?
6. Audits
 - a. Current financial audit
 - b. Financial audits for the three years prior to the current year
7. Contracts
 - a. Current request for proposal and bidding opportunities
 - b. Instructions on how to submit a bid or proposal
8. Public Records
 - a. What is the best way for the public to request public records?
9. Revenue Sources
 - a. Summary of fees received: fees for services, if any
 - b. Summary of revenue sources: bonds, taxes, loans and/or grants (*The public should be able to understand how the agency is funded, generally speaking*)
10. Agency Specific Criteria
 - a. Municipalities: Downloadable permit applications, and zoning ordinances
 - b. Special Districts: Authorizing statute/enabling act (Principal Act or Special Act) and board member ethics training certificates
 - c. Joint Powers Authorities: A copy of the joint powers agreement as filed and adopted (with any updates)

Consent 8.

LAFCO

Meeting Date: 01/29/2026

Information

SUBJECT

Designate a voting delegate and alternate for the February 23, 2026, CALAFCO Special Business Meeting

RECOMMENDED ACTION

Designate the Executive Officer as the voting delegate and Deputy Executive Officer as the alternate, if needed.

REASONS FOR RECOMMENDED ACTION

CALAFCO has scheduled a virtual Special Business Meeting on February 23, 2026, from 10:00 a.m. to 11:30 a.m. to vote on proposed amendments to its Bylaws regarding its Board structure as part of the Association's broader transformation effort and in direct response to member feedback.

BACKGROUND

According to the Yolo LAFCo Administrative Policies and Procedures, "the most senior Regular Commissioner attending the conference will be the voting member." If no regular commissioner attends the CALAFCO conference, the Executive Officer will be the voting member. Since the Special Business Meeting is not occurring at a conference, as is typical, staff can serve in this role. Otherwise, Commissioner Frerichs is the most senior member.

City of Davis

Dear Ms. Dungworth:

ALTERNATES
SHEILA ALLEN
Supervisor - 4th District

Thank you for consulting with Yolo LAFCo for the Partially Recirculated Village Farms Davis Project DEIR. As you are aware, LAFCo is a Responsible Agency for the project and would use the EIR to consider a sphere of influence amendment and annexation to implement the Project.

TANIA GARCIA-CADENA
Councilmember
City of Woodland

ERIK VINK
Public Member

The Partially Recirculated Draft EIR focuses on impacts related to utilities and service systems, specifically related to wastewater treatment capacity. The Partially Recirculated Draft EIR identifies significant impacts related to wastewater treatment capacity, which have been determined to remain significant and unavoidable even after implementation of the mitigation measures set forth in the Partially Recirculated Draft EIR.

STAFF

CHRISTINE M. CRAWFORD, AICP
Executive Officer

Please be advised, in accordance with Government Code Section 56668(k), a required factor LAFCo must consider in the review of a future annexation application includes the ability of the City to provide municipal services, including the sufficiency of revenues for those services following annexation. Accordingly, a Plan for Services submitted with the application will need to include information about the Project's impact to the City's remaining wastewater treatment capacity, a plan for infrastructure improvements required, and how those services will be financed (§56653). We anticipate the City's wastewater treatment study underway will be able to provide this information.

Re: Comments on the Willowgrove Project Draft Environmental Impact Report (DEIR) SCH# 2024070522

Dear Eric:

Thank you for consulting with the Yolo Local Agency Formation Commission (LAFCo) on the Willowgrove Project DEIR. As you are aware, Yolo LAFCo is a Responsible Agency for the project and would use the EIR to consider a sphere of influence amendment and annexation to implement the Project. Please see LAFCo staff comments below:

Agricultural Resources

The DEIR indicates impacts to agricultural land will be significant and unavoidable. We appreciate the language in MM 4.2-1 that agricultural conservation easements must conform with the policies and requirements of (LAFCo), including a Land Evaluation and Site Assessment (LESA) score that is a maximum of 10 percent below that of the project site.

Municipal Services and Utilities

Please be advised, in accordance with Government Code Section 56668(k), a required factor LAFCo must consider in the review of any future annexation application includes the ability of the City to provide municipal services, including the sufficiency of revenues for those services following annexation. Accordingly, a Plan for Services submitted with the application will need to include information about the Project's impact to the City's municipal services and utilities and its plan to provide adequate services, in general.

The DEIR identifies wastewater treatment capacity specifically as a significant and unavoidable impact because the City is currently studying engineering options and funding. The Plan for Services will need to include a plan for infrastructure improvements required and how those services will be financed (§56653). We anticipate the City's wastewater treatment study is underway and the City will be able to provide this information.

Thank you again for consulting with Yolo LAFCo. If you have any questions, please feel free to contact me.

Best regards,

Christine M. Crawford, AICP

BULLETIN

Update on Public Law

A Proposition 218 Victory for Municipal Tiered Water Rates and Enforcement of the “Pay Under Protest” Rule

By Holly O. Whatley, Esq.

The latest legal development on tiered water rates came on December 8, 2025, when we prevailed at the Second District of the California Court of Appeal in a published decision in *Dreher v. City of Los Angeles*, a putative class action challenge to the City of Los Angeles’ residential water rates. In *Dreher*, the court addressed two pivotal issues: Whether Health & Safety Code Section 5472’s payment under protest requirement applies to municipal water rates, and whether the City of Los Angeles’s four-tiered residential water rates comply with Proposition 218’s proportionality requirements. In a welcome win for municipal water providers, the Court of Appeal ruled in the City’s favor on both points.

The City’s Tiered Water Rates Comply with Proposition 218

The City has four primary sources of water supply and in 2016 developed a rate study to support four usage tiers, with Tier 1 allotted 8 HCF per month for basic, indoor water needs, and increasing allotments for Tiers 2, 3 and 4. The City’s rate formula allocates the cheapest source of water to Tier 1’s forecast demand until the supply is exhausted, and then allocates the next lowest cost water until Tier 1’s remaining demand is satisfied, before allocating that source to Tier 2’s forecast demand, supplementing that tier’s forecast demand with the third lowest source, and so on until each tier’s forecast demand is satisfied. Plaintiffs argued

this rate structure could not meet Proposition 218’s proportionality without tracking which parcels actually used which sources of supply.

The Court of Appeal rejected Plaintiffs’ argument, holding that “The Constitution does not require the City to trace the flow of water from each source of supply to each parcel, molecule by molecule.” Citing *Capistrano*, the Court found Proposition 218 does not require an exact measure of the cost of service for each individual parcel. Departing from the conclusion in the recent *Patz v. City of San Diego* case, the Second District ruled “We read nothing in section 6(b)(3) that would require a water agency to trace drops of water from source of supply to parcel. . . .”

It further departed from *Patz* by finding that using water budgets to establish the tier breakpoints is not, in and of itself, unconstitutional provided the agency calculates the proportional costs of service within each tier. The Court also held the City could consider conservation goals and parcel characteristics in setting water budgets, so long as rates remain proportional.

Finally, the Court determined the City’s allocation of peak pumping and storage costs across the tiers complied with Proposition 218. The City’s formula allocated to all four tiers the base pumping and storage costs that did not vary based on demand. The incremental costs of pumping and storage linked to peak demand were allocated to Tiers 3

and 4. Again citing *Capistrano*, the Court noted that Proposition 218 protects lower water users from paying rates higher than the cost to serve them because those rates cover capital costs their consumption levels do not make necessary. That rationale supports the trial court's ruling, which the Court of Appeal left undisturbed.

In short, the Court found the City had met its burden under Proposition 218 by calculating the unit cost of each water source, forecasting demand within each tier, and using formulas to allocate costs proportionally as customers move into higher tiers of usage. The record supported the City's methodology, including its allocation of portions of peak pumping and storage costs to higher tiers.

Health & Safety Code section 5472 Applies to Municipal Water Rate Refund Claims

At trial, Plaintiffs also challenged the City's low-income subsidy adjustment (LISA), which covered the City's cost to provide rate assistance to low-income customers. The trial court found the LISA violated Proposition 218, but ruled that Health & Safety Code section 5472's payment under protest requirement barred Plaintiffs from recovering any refunds attributable to the LISA individually or even on behalf of all customers. Plaintiffs challenged that ruling on appeal, arguing section 5472 applied to sanitation and sewer charges but not to municipal water service charges.

On an issue of first impression as applied to municipal water charges, the Court of Appeal applied the plain statutory language in section 5472 to reject Plaintiffs' claim. Section 5472 applies by its plain terms to water service, those water service charges were approved by the required two-thirds vote of the City Council and the City is a "covered entity" within the statutory scheme. Following a comprehensive analysis of the legislative history, the Court determined nothing in that history demonstrated a contrary purpose to that indicated in the statute's plain language.

The Court also rejected Plaintiffs' arguments that section 5472 provides an inadequate remedy for Proposition 218 violations and that the Government Claims Act applies instead. The Court found no support for either claim, instead it found section 5472 provides an adequate remedy but Plaintiffs failed to comply with the payment under protest provisions before challenging the rates. Ratepayers must give written notice of protest at the time of payment to preserve their right to seek a refund in court and such refund requests are limited to the individual ratepayer, who may not seek refunds on behalf of a class.

Conclusion

Dreher helpfully clarifies that municipal ratepayers seeking refunds must comply with Section 5472's payment under protest requirement, and that cities may use tiered rate structures that allocate costs, including peak pumping and storage costs, based on usage and parcel characteristics, provided they are supported by data and formulas demonstrating proportionality. The ruling affirms the City's compliance with Proposition 218 and provides meaningful guidance for other agencies designing tiered rates in California.

Plaintiffs will likely seek Supreme Court review so stay tuned for further updates!

December 16, 2025

Peter Dwyer, Jr. and Members of the Board
Reclamation District No. 307
PO Box 518
Clarksburg, CA 95612

Subject: Required Audit for Reclamation District No. 307

Dear Mr. Dwyer and Members of the Board:

Government Code (GC) § 26909 requires that every special district receive an audit of the accounts and records of the district on an annual basis. Further, GC § 26909 (a) states that the county auditor shall either make or contract with a certified public accountant or public accountant to make the annual audit of the special district, and that any costs incurred by the county auditor in making the audit shall be charged to the special district.

Following a recent Municipal Service Review conducted by the Yolo County Local Area Formation Commission (LAFCo), the LAFCo Commission was notified that Reclamation District No. 307 (RD 307 or District) has not obtained an audit in many years and is out of compliance with GC § 26909. On July 24, 2025, the LAFCo Commission passed a motion to request the Yolo County Chief Financial Officer (serving in capacity as County Auditor) to make or contract with a public accountant to make an annual audit of the accounts and records of RD 307 and charge the costs against the District's funds per GC § 26909.

While we recognize that RD 307 uses the County's financial system, the District is a separate legal entity and is not included in the County's financial statements or annual audit.

As such, in accordance with the request from the LAFCo Commission and GC § 26909, my office will be contracting with a CPA firm to conduct an audit of RD 307 for the 2024-25 fiscal year. While the exact cost of this audit is not yet known, it is estimated be between \$10,000 - \$20,000. Once timing and costs are determined, DFS will communicate with RD 307 to coordinate efforts to begin the audit. It is anticipated that DFS will provide supporting documentation and financial reports readily available for auditing purposes as requested by the auditors. However, RD 307 staff and board members will need to address questions from the auditor specific to the business operations and internal controls of the District.

The timeframe for completion of the audit will depend on the level of cooperation and responsiveness by the District and DFS. Prolonged audit timelines could result in higher audit fees for the District. We believe cooperation and collaboration between our offices and the auditors is essential in order to make this a successful audit.

Please feel free to reach out to our office if you have any questions or would like to discuss.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Haynes", followed by a horizontal line.

CALAFCO-U LAFCO 101 Webinar

Wednesday,
February 25, 2026
10:00-11:30 a.m.

Let us help streamline your onboarding process!

CALAFCO is launching its first CALAFCO-U session of 2026 with LAFCO 101, an accessible, practical introduction to LAFCO fundamentals. This webinar is ideal for commissioners starting their terms in January and new staff needing a solid foundation.

What Participants Will Learn

- ✓ Why LAFCO Exists
- ✓ LAFCO's Legal Foundations
- ✓ What Falls Under LAFCO Authority
- ✓ LAFCO's Planning Role
- ✓ The LAFCO Process in Plain Language
- ✓ Practical Tips

Instructors

Paula de Sousa — Partner, Best Best & Krieger LLP. Paula is a statewide expert in LAFCO law, legal counsel for several LAFCOs and CALAFCO, and lead author of multiple CALAFCO white papers.

Joe Serrano — Executive Officer, Santa Cruz LAFCO & Deputy Executive Officer, CALAFCO. Joe brings 17 years of hands-on LAFCO experience across several counties.

Information

SUBJECT

Study session to discuss the reorganization plan for the Elkhorn Fire Protection District (no action will be taken)

RECOMMENDED ACTION

Receive staff presentation, accept public comment, and provide input as desired.

REASONS FOR RECOMMENDED ACTION

The Elkhorn Fire Protection District (FPD) submitted an application for dissolution on September 26, 2024. The application was limited to dissolution, with the understanding that LAFCo has the authority to amend proposals and determine the most appropriate method for reorganizing the governance of fire protection within the Elkhorn FPD territory.

On October 31, 2024, staff presented a recommended approach for reorganizing Elkhorn FPD, under which the Cities of Woodland and West Sacramento would provide fire protection services. At that time, rather than fully dissolving the FPD, staff recommended that Elkhorn FPD be retained as a dependent district governed directly by the Board of Supervisors, with its territory limited to the West Sacramento service area. Woodland's service territory was proposed to be annexed into Springlake FPD. The Commission expressed concurrence with this approach.

Importantly, under both the previous plan and this recommended revised plan discussed herein, the fire protection service areas from the Cities of Woodland and West Sacramento would not change. The cities would continue to deliver services within their respective service areas as they do today via mutual aid. The proposed changes to the reorganization plan relate to governance and organizational structure, not frontline service delivery.

Since October 2024, subsequent developments outside Springlake FPD have prompted a broader consideration of the number of fire protection districts across the county and the extent of authority delegated to local fire commissions for dependent districts. These developments have reinforced the importance of governance structures that provide clear accountability, leadership to support needed funding for services, strong oversight, and effective coordination across agencies.

Recent events in the broader region have underscored how critical it is that fire agencies have clear and streamlined governance, are well-coordinated, and equipped to manage increasingly complex and high-risk activities. While no governance structure can eliminate all risk, thoughtful and streamlined organizational design materially improves oversight, communication, and operational preparedness.

In this context, a combined fire protection district offers meaningful advantages. A unified district creates the potential to function as a hub for shared services--particularly in areas such as fire prevention, inspections, training, and administrative support--where scale and consistency improve effectiveness and reliability. Such a structure also positions the district to support neighboring jurisdictions through cooperative service arrangements, enhancing regional outcomes without diminishing local service delivery.

Additionally, the creation of a single, unified district establishes a stable foundation that can accommodate future collaboration, or consolidation should surrounding agencies determine that such actions are in the public interest. Even where further consolidation is neither immediate nor certain, this approach sends an important signal: it demonstrates a willingness to modernize governance structures to better align with contemporary fire service demands.

For these reasons, staff recommends reorganizing Elkhorn FPD, Springlake FPD, and CSA 9 into a single fire protection district rather than proceeding with a two-district structure. This approach better advances the overall fire protection district governance strategy by establishing a durable foundation for potential future consolidations and by creating a district capable of serving as a shared-services resource for rural fire protection districts as needs arise.

BACKGROUND

Fire protection services within the Springlake FPD territory are already provided by multiple agencies, including the Cities of Davis and Woodland and UC Davis. Adding the City of West Sacramento as an additional service provider within a combined district would therefore not represent a fundamental change in service delivery, but rather the continuation of an already divided service scheme under a more unified and streamlined governance structure.

Staff's recommended revision to the proposal plan is illustrated in the attached maps, which will be presented at the meeting for discussion and to address any questions from the Commission.

Honorable Chair and Members of the Local Agency Formation Commission,

I am writing to express my support for the creation of a successor fire protection district to provide fire and emergency services within the Springlake, Elk Horn, and CSA-9 areas.

Fire agencies today are operating in an increasingly complex and higher-risk environment. While governance alone does not eliminate operational risk, sound governance significantly improves coordination, preparedness, accountability, and oversight. In my experience, the structure under which fire services are governed matters—not only for day-to-day operations, but for long-term sustainability and the ability to adapt to changing service demands.

The formation of a single successor district offers clear advantages. A unified district creates opportunities for shared services such as fire prevention, inspections, training, and administrative support. These functions benefit from scale, consistency, and clear authority, all of which are difficult to achieve under fragmented models. A consolidated structure also creates capacity to support surrounding rural and special districts when operational or administrative needs arise.

Springlake currently operates with multiple service providers, which has required coordination across jurisdictional and organizational boundaries. Including additional service partners within a clearly defined district governance framework does not complicate service delivery; rather, it aligns operations under a cohesive and transparent structure. This approach preserves service continuity while improving clarity in roles, responsibilities, and decision-making.

From an operational leadership standpoint, this proposed reorganization strengthens governance without disrupting emergency response. More importantly, it establishes a durable foundation that supports current service needs while positioning the region to meet future challenges and opportunities. As the demands placed on fire and emergency response agencies continue to grow, proactive and thoughtful governance decisions such as this are essential.

For these reasons, I support LAFCo's consideration of a successor fire district and appreciate the Commission's role in helping ensure effective, sustainable fire protection services for the community.

Respectfully,

Eric Zane

CALAFCO Legislative Summary

LAFCo Meeting January 29, 2026

CALAFCO is currently tracking 19 bills as of January 14, 2026. However, 10 of these bills were either chaptered or vetoed last year and 9 bills have been carried over as two-year bills as listed below.

The Legislative session has just begun, and CALAFCO tracking chart below has not changed significantly since last fall. None of these bills pose a concern to Yolo LAFCo.

<p>1. AB 259 (Rubio, Blanca D) Open meetings: local agencies: teleconferences.</p>	<p>The bill extends the sunset date of the alternative Brown Act meeting procedures established in AB 2449 from 1/1/2026 to 1/1/2030. Jul 17 – Failed deadline – 2-year bill CALAFCO Position: Watch</p>
<p>2. AB 351 (McKinnor D) Campaign contributions: agency officers.</p>	<p>This bill changes the threshold amount from \$500 to \$1500 and requires the commission, effective January 1, 2027, and every other year thereafter, to adjust the contribution limits to reflect increases/decreases in the CPI, rounding the adjustment to the nearest \$10. Apr 30 – Failed to pass committee. Reconsideration granted. CALAFCO Position: None at this time</p>
<p>3. AB 356 (Patel D) Health care districts: County of San Diego.</p>	<p>Not applicable – Yolo County has no healthcare districts. Jul 17 – Failed deadline – 2-year bill CALAFCO Position: Support</p>
<p>4. AB 568 (Macedo R) Tule East Groundwater Sustainability Agency Act</p>	<p>This bill would create the Tule East Groundwater Sustainability Agency and would establish the agency’s initial boundaries. Gut and amended on 6/24 and amended again 7/18, this bill replaces AB 1044 which is flagged as a 2-year bill. Sep 11 - Concurrence CALAFCO Position: None at this</p>
<p>5. AB 810 (Irwin D) Local government: internet websites and email addresses.</p>	<p>The bill expands the list of local agencies (adding to cities and counties) that are required to use “.gov” or “.ca.gov” domain names for websites and email addresses, to include special districts, school districts, joint powers authorities (JPAs), and other political subdivisions. These changes will apply to LAFCo and must be implemented by 1/1/29. [Yolo LAFCo is already working with County IT to convert our domain name] May 23 – Hearing postponed. This bill is now a 2-year bill. CALAFCO Position: Watch with concerns</p>
<p>6. AB 1044 (Macedo R) Tulare Basin Groundwater Sustainability Agency Act.</p>	<p>This bill authorizes the formation of the Tulare Basin Groundwater Sustainability Agency. The intent of the bill is to form a new GSA to cover, at a minimum, territory covered by</p>

	<p>the now defunct Eastern Tule GSA JPA. This bill appears to have been gut/amended into AB 568</p> <p>As of June 9, 2025, this bill has been moved to the inactive file at the request of the author.</p> <p>CALAFCO Position: None at this time</p>
<p>7. AB 1156 (Wicks D) Solar-use easements: suspension of Williamson Act contracts: terms of easement</p>	<p>The bill revises the conditions under which the land subject to a Williamson Act contract may be subject to a solar-use easement.</p> <p>The bill revises authorization for the DOC to determine that a parcel is eligible for suspension upon the request of the landowner, instead of a request from a county or city, and would require the DOC to additionally make that determination in consultation with any applicable groundwater sustainability agency or services.</p> <p>The bill revises the eligibility criteria for a parcel to be deemed eligible under these provisions by (1) additionally authorizing land for which there are or will be insufficient surface water or groundwater to support commercially viable irrigated agricultural use; (2) deleting the requirement that the land not be located on lands designated as prime farmland, unique farmland, or farmland of statewide importance; and (3) additionally requiring that the land meet certain additional requirements relating to the land’s historical use as cropland and whether it is encumbered by a conservation easement or enrolled in a land conservation program, as specified. The bill also requires the DOC to issue its determination of eligibility within 120 days following submission of a completed application package, and would deem any application not rejected within this 120-day period to be approved.</p> <p>This bill removes the authority for a county or city to require mitigation measures on or beyond the land that is subject to a solar-use easement. The bill also removes the requirement that a landowner post a performance bond or other securities in relation to a term easement or self-renewing easement.</p> <p>Sep 11, Failed deadline – now a 2-year bill.</p> <p>CALAFCO Position: None at this time</p>
<p>8. SB 239 (Arreguín D) Open meetings: teleconferencing: subsidiary body.</p>	<p>This bill adds a subsidiary body, as defined, to the list of entities authorized to use alternative telecom provisions including advisory bodies that are not authorized to take final action on legislation, regulations, contracts, licenses, grants, permits, or other entitlements.</p> <p>June 5 – Failed deadline, 2-year bill.</p> <p>CALAFCO Position: None at this time</p>
<p>9. SB 462 (Cortese D) California Farmland Conservancy Program: conservation easements: funding.</p>	<p>This bill established the California Farmland Conservancy Program Fund in the Department of Conservation and authorizes the program to offer financial assistance, including grants or contracts, for projects and activities on agricultural lands that support agricultural conservation and sustainable land management.</p> <p>May 23 – Held in committee and under submission.</p> <p>CALAFCO Position: None at this time</p>
